

FINE ARTS FESTIVAL

The Greater Hazleton Area Fine Arts Festival is scheduled for May 26 and 27 at the YMCA-YWCA in Hazleton. The activities planned include everything from bands to choruses to a puppet show. Both days that the Festival is being held are filled with entertaining and worthwhile events. On May 26, Sunday, there will be a number of interesting activities. The fun-filled day will begin at 12:30, and will feature such entertainments as the West Hazleton High School Concert Choir, the Hazleton Liberty Band, the John Capp Blue Grass Revue, Arthur Hall's Afro-American Dance Ensemble from Philadelphia, a puppet show by Karen LaBuz, the Mountain-Aries Babershop Harmony Chorus, and some original poetry and music by John Urenovitch and Andrea Tait.

The pleasure of Sunday will be carried over into Monday afternoon, where another day of fine entertainment awaits the public. The show will begin with the Philharmonic Society, and will continue with the Bishop Hafey Chorus, the Palmerton Jazz Lab Ensemble, the Bishop Hafey Drama group presenting The Diary of Adam and Eve, and the Choraliers presenting selections from "The Fabulous Fifties." At 4:15 the Belles-Lettres Society of Highacres will add their talents to the Festival when three members present oral readings. Alternating performances with the members of Belles-Lettres will be this year's winners of the Kiwanis High School Music Achievement Awards. Ending the Festival on a cheerful note will be the Original Tyrolean Dancers. The Festival will surely be a memorable experience to anyone who loves the "fine arts" and even for those who don't. So come on out and support this worthwhile effort to promote fine arts in the Greater Hazleton Area.

SORORITY

The Theta Sigma Pi Sorority will end its activities on May 18. These last few projects will be service projects. On May 11, the girls will be preparing the food for the engineers' picnic, and that same evening will be serving refreshments at the voice recital. On May 18, the sorority will also serve refreshments at the Hazleton Chorus Spring Concert reception.

Nancy Meiser, President of Theta Sigma Pi, would like to thank all the sorority members, and also Mrs. Bodenstein and Mrs. Binns, the advisors, for a successful year.

the campus will fall. They said that after they have conquered Hazleton Campus, the elves will then move on to the Wilkes-Barre, Scranton, and Allentown campuses. They already have workers at Ogontz, and Behrend. What are we going to do sir, what are we going to do?

"On my honor as a student, Mr. Administrator, you know I wouldn't lie to you about a matter of this importance.

"Well, anyway, there I was, sir, in this room with all these elves. There must have been hundreds of them, and more were still coming out from behind the sign.

"When I asked the elves how they ate, the elves said they ate the SUB food, and that's why prices were rising. The elves also said, that if they kept eating the food, and prices kept inflating, then the students would rise up and revolt.

Imagine that, sir! A revolt on this campus! How exciting!

"Ahem. Well, the next thing I knew, the elves had lined up in double file, sir, double file, and were marching out the front doors of the SUB. I saw them troop up to the Classroom Building and that's the last I saw of them."

The door opened and in walked 4 men, 2 of which were holding a white canvas object. 2 men restrained the patient, while the other 2 put the white jacket on him.

What the administrator failed to realize was that it was the end of the ninth week of the term, and anyone who sees little elves at this time is quite normal. However, a word of caution must be extended to all students and faculty. Anyone seeing little elves marching in double file around the campus, is advised to please notify the administration immediately.

A MAD MAN'S DREAM

by Airam

"I was sitting very calmly in the SUB, sir, very calmly, when all of a sudden, I saw these little elves climb out from behind the Penn State sign. At first I was astonished sir, absolutely astonished at the sight of these elves. However, I kept complete control of myself, and when they drew near, I acted as if nothing was wrong, absolutely nothing.

"Soon there were hundreds of these little elves, literally hundreds of them coming out from behind the sign, and soon, they were surrounding me. They demanded to know who I was and what I was doing.

"Of course, by this time, I was not sure what to do. I mean, how often does one see hundreds of elves surrounding one on all sides? Well, anyway, I couldn't decide whether to ignore them, talk to them, or leave a note for Dr. Staudenmeier. At any rate, there they were, and I had to make a decision. So I decided to talk to them.

"Now I know this is rather unbelievable, sir, truly unbelievable, but they intend to take over the campus. The elves say that they have already taken over the records office, and the computer room is next. Without them, sir, you know the rest of
