IT'S ON CAMPUS - WHERE ?

The ordinary daily routine at Highacres takes most of us back and forth across the campus at a rather hurried pace, and, failing to spend time really observing, we often miss many of the natural and architectural wonders that abound. In the hope of making you more cognizant of your campus, as well as providing a little fun, the Staff of the COLLEGIAN has designed this quiz, entitled, "It's on Campus."

In the next few issues, we will be presenting photographs of Highacres sites not always seen. Study the pictures carefully and try to determine the location of each shot. Then submit your answer to any staff members, in the COLLEGIAN office in the S.U.B. Be sure to describe the location in reasonable detail and sign your name.

One person's name will be drawn randomly from the collection of all correct answers submitted, and he or she will win a FREE PIZZA from the Pizza Hut, Route 93 in West Hazleton.
