### ATTENTION

BULLSLINGERS, LOUDMOUTHS, POETS, PHILOSOPHERS, THOUGHTFUL and/or ARGUMENTATIVE PEOPLE OF ALL PERSUASIONS:

Are any of you interested if forming an Agora Club, beginning winter term? The Agora was the marketplace in ancient Athens where people met not only to pinch grapefruit and other Athenians, but to argue the issues of the day and the "great questions."

The Agora Club would be a chance to discuss politics, ethics, theology, science, and all those topics your aunt Agatha said you shouldn't discuss, in a totally informal setting. Share your ideas, learn from each other, sharpen your logic and powers of persuasion against those of your friends.

Interested students please bring your ideas and enthusiasm to Carl Frankel in C-107 sometime during the next three weeks and watch for announcements next term.
