

## PennPIRG Division To Be Established At Highacres

PennPIRG is an organization which has existed in colleges in other states and is just coming to Pennsylvania. Penn State will be the first college to start it. Other colleges are now trying to get it started, also. The letters PIRG stand for Public Interest Research Group. PIRG is an independent organization to help the public. It is being organized by students concerned with social problems. Students who join PennPIRG have to pay a small fee of \$2.00. That money is given to PIRG to use for its expenses.

There will be a board of directors at U. Park and on each campus. The members will be elected by the students. It will consist of students who paid the \$2.00 fee. There will also be a paid professional staff composed of lawyers and other professional people.

The PIRG in other states have showed many results in places where it is already established. Many people have been helped by PIRG. PIRG members not only help the consumer; it also helps in areas of discrimination, housing, and just about any other problem that an average citizen is faced with.
