The first meeting of the Residence Hall Council for the 1975-76 academic year was held September 15 in the men's second floor project room.

The meeting proved quite fruitful, lasting well over an hour. During this time, various suggestions and complaints were voiced. All of the officers of RHC (Julie Lalo, President; John Kelly, Vice President; Susie Frey, Secretary; and Alissa DuBois, Treasurer) were present, as were Mr. Everitt Binns (Assistant to the Dean of Student Affairs) and Mr. Karl Krone (head of Food and Housing).

Some of the complaints pertained to cleaning days and the vending machines. Students with complex stereo systems and large rugs complained about the moving of these objects for cleaning days. It was suggested that these people come to an agreement with the maids to decide what must be moved and what could stay as is. As for the vending machines, the complaints were that they are empty on weekends and that the soda machine does not have enough variety. Mr. Krone agreed to see that the machines stay stocked and that the soda machines have a bigger variety of soda.

Some residents have found that ping-pong and TV don't mix well. RHC is trying to figure out a way to keep the sound of the games from interfering with the TV viewers. It was suggested that a partition be used, but the partitions aren't sound proof so another solution will have to be found.

At the meeting was also discussed the Halloween costume party, to be held on the night of October 29, in the dorm TV room. The party will include a dance and horror movie, and prizes for the best costumes.

## Jobs Available

The following part time jobs are available off campus. Please contact Mr. James White (M-212) for additional information.

PCS forms for the 1975-76 academic year are available in the Student Affairs Office and may be completed and processed up to December 1, 1975. Two weeks after mailing a PCS contact Mr. James White regarding application for college work study.

### BAHR HOLDS RECORD

Placekicker Chris Bahr is the only current Nittany Lion to hold a school record. He owns the marks for field goals in a game (four) and in a season (11). Bahr also holds school soccer records for career points and assists.

The Student Government Association is currently in the process of making appropriations to campus clubs and organizations.

The initial appropriation from the University was \$4,350, but a windfall of \$2,400 was later received for a total of \$6,750. This figure is still \$550 short of last year's \$7,300 so economy measures are necessary. The allocations to the various clubs on campus are posted on bulletin boards around campus. If there are any questions concerning the allocations, please contact the SGA office in the Commons.

In an attempt to ease the Monday-Wednesday-Friday parking problem, there has been a Car Pool Committee formed. The Committee is at present compiling a list of interested commuting students, their addresses and telephone numbers, and their arrival and departure times on campus. The Committee feels that with this information available, there will be an increase in the number of car pools, which could result in financial savings for the students involved and less aggravation for all concerned.

The SGA is interested in the opinions of freshmen regarding their Orientation Week experience. Any comments or criticisms will be appreciated. Please leave your suggestions at the SGA office.
