

CLUB HAPPENINGS

SUB plans for Oct.

Editor's Note: This column is planned as a club news column. Any club desiring to have a news release printed in this column should leave it with Student Affairs or in the editor's mailbox in the SGA Office (Commons).

SKI CLUB

The Ski Club is presently engaged in the formation of a racing team for the coming season. The team will compete with other colleges in the area, and with the University Park team. Practices will be held at Jack Frost, and no racing experience is necessary. Watch for more information.

The Student Union Board (SUB) has been busy setting up activities for the month of October.

On the evening of October 19, a dance will be held in the Highacres Commons from 8:00-11:00 p.m. The performers for night will be TNT. Admission price will be \$1.50 for Penn State students, \$2.00 for the public.

On October 19, 20, and 21, American College Union International will hold a meeting in Baltimore, Md. At this meeting, various student union board members will get together to discuss problems which have arisen in their organizations and arrive at possible solutions. Representing Highacres will be SUB president Frances Grencavich, Brad McNab, and two other students.

Las Vegas Night will be held on October 24 at 8:00 p.m. The Commons will be converted into a Las Vegas casino complete with card sharks, cowgirls, gamblers, dice, and roulette wheels. Refreshments will be served. Jim Kattner is in charge of the festivities.

COOKIE SALE

The first Girl Scout cookie sale was held in 1933 in Philadelphia.

Drama Club's First: "Ondine"

At 8:00 p.m. on October 30, 31, and November 1 the Highacres Drama Club will present Jean Giraudoux's "Ondine" in the Highacres Commons. The play, which is the Drama Club's first full-length performance, is under the direction of Mr. Jay Breckenridge.

Giraudoux was an outstanding French playwright of the epoch between the two world wars. He exaggerates his images of purity to the point of paradox and extravagance. In "Ondine" Giraudoux moves toward a vividly poetic expression of illusion, mystery, and the kingdom of the imagination.

Ondine, played by Susan Dahlin, cannot live anywhere but in the freedom of the sea. She expires among men at the court. Hans (Neil Gray), the knight who loves her, cannot make a life with her, as her purity prevents it.

This romantic fantasy with such characters as the King of the Sea (Carl Frankel), a trio of unjudgely judges, a rather unique court, and a various assortment of medieval characters add an interesting background to a play that deals with the human condition, such as it is: an endless aspiration and constant betrayal.

U-Day Planned

The University Concert Committee is working on signing a group to play ALL-U Day. As of this time it does not have a group but is sure there will be one. The Keystone Society is holding a Jammy ALL-U Day from 9:00 p.m. to 12:00 midnight. Playing will be "Sky Horn" and tickets are 75¢ at the door. ALL-U Day is November 8.
