

Stills Live

Stills Live is an interesting collection of Stills' former work. There are no new songs from his latest album, a wise move on his part as he is not trying to sell recent songs twice to his many fans.

The album has one completely acoustic side with Stills on guitar and banjo. Most noticeable here is "Change Partners" and an excellent version of "Everybody's Talking At Me." On the electric music side, Stills' voice is not as strong as on his acoustic work but his octave range is incredible and his guitar work explicit and pure Stills. Perhaps the best version of "Wooden Ships" is on this album, and a surprise "Rocky Mountain Way."

With the 70's producing such 'stars' as Bowie and Springsteen, it is frightening to think that there are no new talents like Stills or Neil Young and no new innovative groups like the Buffalo Springfield. Stills Live is a welcome reminder of what damn good music is and puts many other new competitors to shame.

COLLEGE CAMPUS REPRESENTATIVE

Needed to sell Brand Name Stereo Components to Students at lowest prices. High Commission, NO INVESTMENT REQUIRED. Serious inquiries only! FAD Components, Inc., 20 Passaic Ave., Fairfield, New Jersey 07006.

WHERE THERE'S SMOKE...

Water pipes, roach clips (holders that allow a marijuana smoker to finish off even the tiniest bit of a butt) and other dope paraphernalia were going at half price in Indiana last month because of a new anti-exotic pipe law designed to put the state's head shops out of business.
