

## Award Winners Announced At Annual Banquet

by Cathy Rusinko  
Collegian News Editor

Highacres' seventh annual Awards Banquet was held Thursday, May 12 in Gus Genetti's Ballroom.

Student Government Association President Ronald C. Drum was Master of Ceremonies with S.G.A. Vice-President John A. Page offering the invocation.

Following the dinner meal, Dr. Ralph Sabock, Associate Professor of Physical Education at University Park delivered the main address.

Various Highacres clubs and organizations presented awards to members for outstanding service and athletic award winners were acknowledged.

One of the major awards presented was that of 1976-77

## Need For

idual as a whole.. It seems incomprehensible that a person considers himself truly educated if he appreciates only one field of study. Perhaps if those who crtize a broad education curriculum were to think of education as human enrichment they would gain a different perspective.

## Reflections

Continued from page 3

We tried to write a campus newsletter and make an organizational flowchart but never quite accomplished these goals. We also wanted to put suggestion boxes around the campus and conduct surveys to find out if we were functioning correctly. But again we failed to complete these goals.

I could go on with the accomplishments and failures of S.G.A. but in fear of boring you I will stop.

But I would like to express a few more thoughts. I found the administration and faculty very helpful whenever I called upon them for help and for that I am grateful. To the students of Hazleton Campus I think the world should applaud you, for never before, at least to my memory, has the student body supported the S.G.A as it did this year. Elections never had as many students running in them as they did this year. And I think that shows real enthusiasm. So a thank you goes out to the students of the Hazleton Campus. But the biggest thank you of all goes to the S.G.A. council and the officers and advisors who helped me this year. If our year can be considered a success in the future it is because of the great job you people

did.

And so after all the thoughts are expressed and I remove the key from the S.G.A. door for the last time, I must admit that I'm going to miss being S.G.A President at the Hazleton Campus. I'll miss the people I became used to working with and the beauty of the campus itself.

It truly seems as though a lifetime has passed and maybe one has.

Goodbye Hazleton  
Campus, I'll miss you.
