

Renovations Undertaken: Steel Steps to Be Replaced

Among the campus improvements and renovations to be completed before the end of this fiscal year is the replacement of the temporary steel steps leading up the hill from the freshman parking lot.

According to Mr. Paul Cerula, Highacres Business Manager, the permanent steps will be installed before June 30, 1977 which is the end of this fiscal year.

Other campus improvements already completed or scheduled to be completed before the end of the fiscal year include resurfacing the lower three tennis courts and installing steps from the top to lower levels on the east side of the courts.

A new clerical office setting is planned for the Main Building. According to Cerula, the office will be located in room M-1, the room previously used as an office by the Physical Education

Arts Festival

year. One idea is the initiation of an S:G.A. newsletter; to enlighten students to activities and policies that they may not know. Klotsko also plans to increase the involvement of administration and faculty in student activities. Klotsko also spoke of initiating an Organization of Town Independent Students carpool for people who are willing to give or need rides. This carpool could be organized through the use of a ride board.

Klotsko spoke of a project to enlarge the

Commons area. Dr. David has informed Klotsko that there is currently a request to University Park for endowment money to finance the project.

Klotsko intends to actively continue the Highacres Cluc Advisory Council to coordinate the efforts of campus clubs and to unite the students into a workable unit.

Klotsko is looking forward to a good and active year in 1977-78 and hopes that "students respect for Student Government will go higher." She added, "I take the job seriously."
