

STRIKE OUT ARTHRITIS

MARIANNE PINDAR

As most of you are aware of by now, the Highacres chapter of the Circle K Club is involved in service projects in and around our campus community. Let me now introduce you to the clubs' latest undertaking -- a Bowl-A-Thon benefitting the Arthritis Foundation. The campaign slogan is: "Strike Out Arthritis." John Pollack, club president, hopes you'll join with the Circle K Club in offering your support, by signing up to bowl for arthritis.

Our Bowl-A-Thon takes place February ninth and tenth (1979) at the Highacres Gymnasium. Everyone is invited to participate -- students, staff, fellow Circle K'ers from other colleges, and any other community members. There is no age limit. (As long as you can pick up a ball, you can bowl!) An entry fee of \$1.50 will be charged to all contestants. In the next few days, the club will be out recruiting bowlers from the area high schools and community. On campus sign-up dates begin January 29 at these times: 12:00 to 1:00 in the Commons, and 4:45 to 5:30 in Dining Hall. Ending date for sign-up is tentatively set as February 6.

The following is a list of contest rules:

RULES OF CONDUCT

1. The facilities open for use will include the bowling lanes, adjacent rest rooms, and necessary hallways and staircases needed for entry or fire emergency.

2. No food or beverage will be permitted into the Physical Education Building. Refreshments will be sold by the Circle K Club.

3. Smoking is permitted only in designated areas.

4. There will be present at all times a member of the campus security, faculty or staff, and Circle K Club. These people will control conduct and insure safety for all participants.

RULES FOR GAME

1. Score sheets, scorers, bowling shoes, and balls will all be provided. Participants may provide their own shoes and balls.

2. Each participant will be entitled to bowl three (3) consecutive games. The highest game of the series will be used to compute the total amount to be collected from the sponsor.

3. Each participant will receive upon completion of their series, a certificate acknowledging their participation and verifying their high game score.

4. Anyone with at least one (1)

paying sponsor, pledging a minimum of a penny per pin, will be eligible to participate in the bowl-a-thon.

5. All bowlers will be expected to follow the standard rules and etiquette of bowling, at all times.

MISCELLANEOUS

1. All money for this event will be handled through the Circle K Club's Bowl-A-Thon account with the Student Government Association.

2. Family and friends of participants are invited to observe during the bowl-a-thon. However, the audience capacity will be monitored at the discretion of those in charge.

A total of six (6) trophies will be awarded. Two of them go to the male and female with high game scores; two more are given to the male and female high series, one is awarded on the basis of the most pledges acquired and finally, one more trophy goes to the person with the most amount of money raised in the bowl-a-thon. In the event of a tie, two (2) trophies will be given for a category. However, if a participant becomes eligible for two trophies, he/she will be asked to select the one they wish to receive. All winners will be contacted, and will have their names published in the Standard-Speaker. An awards presentation will be held at a date to be announced, details are as yet incomplete. The trophies are beautiful, but the only way to acquire one is to get out there and bowl.

Various sub-committees, headed by members of the steering committee, are now being formed to complete the intricate details of the project planning. The steering committee of this project consists of: Kevin Phillips, Carol Becker, Steve Kadar, Mark Johnson, Jane Murphy, Barbara Pennell, Marianne Pindar, Paul Sadlen, and Mary Pat Cowan (chairperson).

Club President, John Pollack comments, "This group must be commended for doing such a fine job to date, there's still a lot of work to come, but I'm looking toward success in this project." Mr. Skimbo, Mr. Boyle, and Mr. Biacchi are club advisors.

Announcements concerning the bowl-a-thon will be broadcast over local television and radio stations, also in the local newspaper. We encourage all students to get out and bowl. Have fun, and maybe win a trophy, while you help support a worthy cause. We can only achieve success with your help. THANK YOU!

SCHOOL'S OUT?

During recent years class cancellations have been a rather common occurrence at the Highacres campus.

Mr. Paul Cerula, Business Manager, is responsible for making the decision. Usually when there is a heavy snowfall, and road conditions are poor, classes are cancelled. The actual decision to cancel is an involved process.

If the overnight maintenance crew is unable to keep the campus roads sufficiently cleared,

outside equipment is called in if possible. If no outside equipment is available, and the storm continues, classes will be cancelled. The decision is usually made by 6 a.m. This gives the area radio stations ample time to announce the decision to students and faculty members. This year it is also possible to have a delayed opening. Each class is simply moved back into the following classes time slot.

In addition, if school is held, but the storm continues and road conditions become worse, the remainder of the day's classes can be cancelled.

Letters to The Editor

Jan. 1, 1979

The Pennsylvania State
Multiversity
Highestacres
Hazleburg Campus
Hazleburg, Pennsylvania

Most Hon. President Carter:

Since you and your government have been deeply interested in human rights, I wish to inform you of the situation here in Pennsylvania. The Multiversity high administrators (I know not if they may have been high on marijuana or possibly something else) have been blatantly misusing their authority, in particular one individual, an alias Som Thea. In defiance of all the rights as mentioned in our national constitution, he conducts student searches for which reason and

logic in its widest sense cannot make valid. All of which show his illogical and confused state of mind. If this disease is countered and the aforementioned is committed to a place where he can get the proper rest and understanding that he seems to be in great need of, all should be fine. For the moment we are waiting for your most honorable reply, and even now we are being searched illegally.

Please, intervene and save us from our tyrant, as our most valiant forefathers did to save America from the tyranny of England. We wish our homes also to be the land of the free and the home of the brave.

Your sincerely,
The Pennsylvania State
