term. I hope next year's Frat mixes their services and social projects accordingly.

To end, I would like to thank first of all our little sisters who came to meetings and those of them who helped with the UNICEF collection, also I wish to thank our advisors Dr. Dandois and Mr. Lyons for attending our meetings and being there to help anytime we needed it. Thanks to all for an enjoyable year.

Our time is drawing to an end
I can feel the distance of so many miles
That will soon, all too soon, come between us
I think about all we had and
The many things we shared
Funny I never thought about it
But I always knew one day we'd say good-bye
So give me one last kiss and I will bid you farewell.

LEAVING

The hour glass is emptying
The sand is all but gone
The days, the hours draw to a close
The time that is left with you is little
To be held, like the few grains I touch, so
Is the time left with you.
The moments all are my memories, the treasures of today.

I cannot say in all my words the loss that I will feel, when you go your way this spring, and the emptiness that it will bring.
The times we shared with talks and walks and laughter are but a few that I will miss.
The joy of these times however will always stay with me, but the true feeling of my love will always be with thee.

Held me, write me, love me
Never forget our times, let not this distance separate us as two boats upon a stormy sea, let the waters guide you to my peaceful shore and return your love to me.
Hold me close now. Never let me go.

LOVE KNOWS NO AGE

I am young
You are older
I have so much to learn
You have much to teach
I have my insecurities and doubts
You have a reassuring word and smile for all the right times.

You have been hurt
So have I
You need a loving friend
So do I
You have a great capacity to care and in that we share.

I am happy when I am with you
You are appreciative of the things I do
Realizing my flaws, you still care about me.
It's so beautiful to have a friend like you.

Maggie

The warm sunshine and gentle breeze
Beckon me to be on my way
For I realize I have stayed here with you
Much too long
Yes, we shared so many things
That no one can ever take away
But there is something we'll never be able to share
The rest of our lives
So give me one more smile to take with me
As I turn and walk away.
