

CAMPUS COMMENTARY

(a photo essay by P. Eppinger and L. Bosak)

Students Remember Shaevel

During my class with him, I knew he was a good prof. After the term was over, I realized that he was an even better person. Whenever I had any problems, he was always there to help.

Todd Deschaine

Professor Shaevel was a fine teacher and a concerned individual. I have much respect for a man who devotes his life to helping others learn about the world around them. Penn State lost more than a teacher; Shaevel was a humanitarian.

Vic Pecone

Dr. Shaevel was an excellent professor. His teaching was very thorough, and he was also very caring and understanding. He would always go out of his way to help his students. I will remember him always as a man who was a major help in my college career.

Scott Dieter

Dr. Shaevel's interest in the students and his interest in the courses he was teaching is what I remember most. He was an enjoyable professor and a really nice person. He was the only person I know who could make "physics fun."

Jennifer Hopkins

Professor Shaevel was a very fine teacher as well as a good friend. He was very concerned about all his students, and an encouragement to all of them. He was very respected for all he did for the campus and for his students...and that was a lot.

Eva Miller

Professor Shaevel was a good man who would go out of his way to help anyone. I know from personal experience because he helped me a great deal. Penn State has lost a great teacher and I have lost a good friend.
