## Netters Finish Second

by Bill Dosedlo

The 1985 Hazleton campus tennis team ended a spectacular season with a final record of 9-1. The team, defending champions of the coveted C.C.A.C. Conference Crown, were runners-up this year, second only to undefeated Ogontz.

The team manager, Theresa Varga, boosted a solid singles starting lineup beginning with the top seed in the conference for the last two seasons Quan Phan. Tony DeFelice was number two and Conference runner-up. Robb Dickerson and John Jeffrey were numbers three and four. Doug Vanderschauw, the only freshman in the lineup, turned in at number five. John Rauthan, nicknamed "X", ended the lineup at number six. Rounding out the rest of the singles team were Jim Kulish, Greg Sunder, and Mike Kradlak.

Manager Varga also produced an excellent doubles lineup. Returning champions Phan and DeFelice ranked second in the Conference and finished first in their flight. And the consistency

of Jeffrey and Dickerson rocketed them to a fabulous 10-1 record, with their only loss being a close three-set match to Ogontz.

The team suffered its only loss to Ogontz, but breezed by everyone else quite easily. Their closest match came against Scranton when the absence of Phan hampered the team. The motivation and determination of the players dominated the talented Scranton lineup.

The team's most impressive win came against Wilkes, when Jeffrey and Dickerson shined as they both posted 6-0, 6-0 wins in singles and a 6-0, 6-0 shutout in doubles.

Contributing to the team's fabulous season was their impressive performance at the Penn State University Park Tournament, in which Hazleton took second out of ten qualifiers.

Top returners next season will be Vanderschauw and Kulish, and the outlook seems good for another productive season.
