

(continued from pg. 1)

As a group we were able to handle several weapons, examine them, and ask questions about them. We proceeded to bigger weapons such as the Abrams M-1 tank and the personnel carrier, the Bradley. Both were very impressive machines. We were able to ride in the Bradley and experience the performance of the Bradley Tank.

After our tour of the base, we ate dinner and then both H-company and the company from Penn State - Delaware County Campus began to get ready for the evening, a night at the Officers' Club. With good spirits on hand and good music, both companies were able to enjoy an evening of dancing and socializing.

The next morning the girls were awakened to a chorus of "You've Lost That Loving Feeling" by the Delco guys. At 7:30 a.m. breakfast was served at the Mess Hall and after eating, the companies went to the museum and a special obstacle course. Obstacles in the course ranged from jumping into a sand pit to back crawling in mud and water under barbed wire.

By 1:30 p.m., H-company were on their way home. Overall the trip was a great deal of fun and the information we learned in those three days was worth the trip. Thank you Captain Arthur and Sergeant Ramirez for an enjoyable and educational experience.

MORE Holiday messages

To my laid-back, work-out partner - Sleeping Beauty- We had a good couple of weeks-huh? Remember, after Christmas break-blast away! I'm REALLY glad I got the chance to know you better over the past month. You're a very special person. If you ever need an ear till the sun comes up, try me. (Don't hold your breath, though. HA HA) Have a safe and healthy Christmas, BOZO! Love ya--your hard-training other half.

Kim & Leigh,
Good luck next semester. You have lots of good friends who care a lot about both of you, don't ever forget that. We'll miss you both very much. Have a Merry Christmas. Love -- The Gang
