# BACCHUS

# spreading awareness

This years alcohol awareness week was a Big success. On Sunday October 15th, MCC presented a film on chalk talk in the South Hall Lobby. The film was outstanding, it was on alcoholism and the destruction it can cause.

Then on October 16th students gathered in the cafeteria to the fine music presented by Jumping Jeff Walker, at our annual Mocktail Party.

On Tuesday, the following night a video was about Suzanne Summers and the alcoholism that almost destroyed her family. The show was very educational and made alot of students think about their own life situations.

Then on Wednesday the 18th, we held our famous statistic's day. This is when every twenty minutes a student, faculty member and also staff volunteers to be white-faced in order to recognize all the people who die as a result of drinking and driving. BACCHUS would personally like to thank all that were involved in this day and also for making it so memorable to all of us. On that night our advisor Shirley Knelly, the president Michele Carlin and the vice-president Laura Delong presented an educational program for the local cubscouts and broenies in the Drums area concerning saying no to drugs and alcohol.

Finally, our week closed with our annual poster contest. Our winners were 1st place went to Anna Sprague, 2nd place to Jenn Ryan and 3rd to Kelly Lieberman. Congratulations to all who entered and a personal thanks to our board of judges.

BACCHUS would like to apologize for cancelling our mock accident. However, the inclimate waether could have created a real tragedy and that would have defeated our purpose. Please keep our eyes and ears open, for our mock accident in the Spring semester. I guarantee that it will be a sucess and something you shall never forget.

## Blood Drive to Benefit Patients

Dear Students,

A special event takes place on Nov. 13, from 1pm to 6pm at the Physical Education Building, the annual American Red Cross Bloodmobile. This year we are very excited about a new change - the theme for this bloodmobile is the "Penn State - Pitt Challenge." You'll be hearing this more in the coming weeks.

The importance of your bloodmobile is reflected in the following facts:

As of Jan. 1989, the Northeast Regional Blood Center in Wilkes Barre has begun importing blood from Europe at the rate of 100 units per week.

Our relatives, friends and neighbors who are patients in area hospitals depend on a "readily available blood supply".

The Hazleton area has a population of over 72,000. The Chapter has difficulty in collecting 3,000 to 4,000 units per year.

Bloodmobile targets are important; they (when met) help to give a consistent blood supply.

Our community blood supply is something each of us depends on.

Your school has taken action to support this worthwhile program. We are asking the students to help us by participating in the "Challenge". It's thanks to people like you we can continue to save lives. On behalf of the patients who depend on all of us, I thank you.

Sincerely,

Lynn Hinkle  
Blood Service Coordinator
