KERI'S CORNER

When the newly elected Student Government officers for the 1989-90 academic year accepted their positions, we set many goals for the Hazleton Campus. Some of these goals include the parking situation, faculty and staff involvement, and the Commons expansion.

The parking situation has been addressed head on with a survey to all of the Residence Hall students in order to determine the frequency of on Campus students who drive to class. Suzanne Hilyard and John Costa initiated the survey and will be meeting with Mr. Karl Krone, the Director of Business Services, in the near future.

Trying to increase faculty and staff involvement is also a challenge. It entails the work of Brian Suwalski and Missy Purta, the Faculty and Staff Relations Senators. They have written letters and memos to the faculty and staff to try to increase their interest, support, and involvement with the Student Government and the entire Student Body. The Commons expansion is our most important on going issue at present time. The Student Government officers, Keri Greene, Kathy Ryan, and several other members of the Student Government Association, have set up a "game plan" for the most efficient way to begin plans for our soon to be expanded Commons.

During the last month of this semester, the Student Government Association's event calendar is packed with fun filled events for the entire student body. On November 2nd, Master Hypnotist, Dr. Jim Wand will be hypnotising approximately 40 students in the gym at 7:30 p.m. This event is open to the community as well as the Penn State Students. On November 15th, caricatures will be drawn of students in the Commons from 12 noon until 4:00 p.m. The last big event for the semester will be the annual Winter Semi-Formal, "The Big Chill", sponsored by the Student Government Association. This event will take place on December 1st at 8:00 p.m. at Zola's Caterers in Hazleton. For tickets or more information, contact any Student Government Association member or call the Student Government Association office any time at 454-5785.

Don't forget, the Student Government Association meetings are held every Thursday at 12:30 p.m. in the Commons T.V. room. The Student Government is available to seek out the needs of the students. So, don't hesitate to come to any meeting with an issue concerning the students on this campus. "SGA - - - We're the Government!!!"

BACCHUS

As president my goal this year is to help the students on this campus to realize the severity of drinking and driving. Please think twice before getting into a car with a drunk driver or driving while under the influence yourself. Please be careful!

I personally would like to thank all of you who participated and helped make this year's alcohol awareness week a success. I look forward to your support for the rest of this year and I hope you stay active in preventing drinking and driving for the rest of your life.

Finally, I would like to wish all of you, a very fun-filled, healthy, and safe academic year.

Diana's Loft

MCC is having their first dance on Oct. 26 from 9:00 to 12:30 a.m. The dance will be held in the dining hall. We are going to be playing a lot of dance music and it should be a lot of fun. Admission is \$1.50 with college ID and \$2.00 without.

MCC wants to thank WHCB for agreeing to DJ our dance. We really appreciate this very much. So come out and join MCC and WHCB for a night full of fun and excitement.

ARMY ROTC

What is it about?

The program consists of one class and one lab once a week. What a cadet might learn in class varies because of the semester and year of the cadet. A prime example is the MSII (sophomore), he or she holds a leadership position and is required to plan different activities at different times and may even teach a class during lab. There are also different kinds of clubs one may participate in. One of these is the Orienteering Club which conducts field trips where they go out in the woods to work on land navigation skills. Another is the Historian & Wargaming Club which conducts field trips to learn about military history and conducts wargames applying military techniques. Yet another is the Drill Team Club which is an elite group of cadets who learn different types of marching techniques. This Club presents the colors at the home basketball games and also at the Army ROTC Awards Banquet at the end of the year. Finally there is the Ranger Club. These cadets learn tactical skills and do a lot of physical training.

The Ranger Club requires more discipline and involvement in the program. Every cadet should be involved in at least one club.

Overall, ROTC is a rewarding experience because it is not all about the Army, cadets go on trips like rappelling, orienteering, FTX's (field training exercises), and our recent trip which was a visit to Westpoint. ROTC is like a family, we live, learn, and cope together.

CHRISTINE'S XANADU

This month is going to be a busy one for S.U.B. We have a lot of great activities planned. On Nov. 13th, along with WHCB, we're hosting a Lip Synch contest to kick off Spirit Week. Sign-ups will be held in the beginning of the month and prizes will be awarded. On the 21st, we're having our second Club Fandango. In conjunction with Club Fandango will be a Best Legs contest. More info will be forthcoming.

Our Annual Halloween Dance went great as did the Bachelor/Bachelorette Auction. We raised over \$500 for charity. I'd like to thank everyone who helped make that happen and contributed money to such a worthy cause.

Because S.U.B. is such an active organization, we always welcome new members. Our meetings are every Tuesday at 12:15 p.m. in the lower level of the Commons. Come out and join us, or stop by the S.U.B. office.

EILEEN'S CUBBYHOLE

O.T.I.S. started out the month of October quite successful. Our annual Care-Packages were mailed out and are on their way to your parents under the excellent leadership of Diane Motel, our chairperson. Our next phase of the Care-Packages will be getting the food together. If you have any suggestions for food, let us know.

We also played Assassin Oct. 23-27. Mary Jo Bednar was the chairperson for that activity which ran smoothly. And our final activity for the month of October was the Bachelor/Bachelorette Auction on October 24. Sarah Zavitsky and Mark Willoughby were the co-chairpersons of this worthwhile function.

For November, O.T.I.S. will be working with the Physical Therapy Assistants for the blood Drive Nov. 13. O.T.I.S. will also be continuing their work on the Care-Packages which have been a great success thus far! We will also be working on an Off-Campus Student Handbook.

I am happy to inform all students that if you need information about University Park, we have it! We have University Park Apartment Lists, Maps, etc... Please stop by and pick one up if you need it.

New members are Always welcome in O.T.I.S., so please join. Also, if you are having difficulty with your landlord, please let us know. We can help, but only if you let us know there is a problem. O.T.I.S. is here to serve you! Room 106 in the Commons, 450-3135, Give us a call.
