

Says, (con't) WHCB

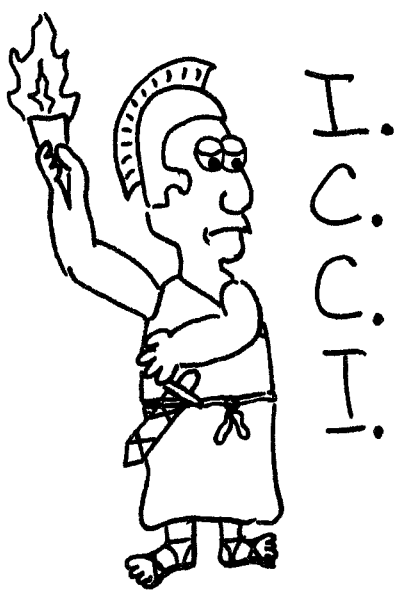

Hirkster Speaks

When you hear the letters WHCB together in a complete sentence, do you think of Penn State's #1 radio station? Probably not, but that may soon change.

As of this semester, many steps have been taken in order to establish WHCB as a credible unit. As of now, our broadcasting capabilities are below standard. Our signal can only be picked up in the South dorms and the Commons. As of the New Year, we will be boosting our signal to the North Dorms and the dining hall.

Our updating of our standards does not end here though. We recently purchased a new mixing board, a CD player, and numerous other pieces of equipment to better the station for the listening audience.

We at WHCB realize that it is easier to keep the radio on FM, so we are trying to find reasons for you to turn to AM. To begin, we will be having contests (one of which will have a LARGE \$\$cash\$\$ prize) and passing out a list of the type of music played at what time. Your response has a great amount of influence on the station. If we get response for a song we don't have, we will get it to play. Don't forget we are here for your listening entertainment.

I.C.C.I. - THE BEGINNING

People have been asking, "What the #c\$@!# is I.C.C.I.?" First of all, it stands for Intramural Club Competition Interaction. It is a FRIENDLY competitive organization that found it's start right here on Hazleton Campus.

The objective is for clubs to challenge other clubs to an activity of any type. The activities may include, but are in no way limited to, volleyball, soccer, bowling, Trivial Pursuit, or even Twister. The only limit is the clubs imagination.

During the events, SGA shall act as judge on anything that calls for a ruling. They will also keep a running record posted on the team standings. The club presidents should have already received all the information and presents it to you. If not, bring it up at your next meeting.

I.C.C.I. is currently being tested at several local campuses in the area. If the concept works, there will be an I.C.C.I. olympics against other campuses. This could lead to the eventual intergration into all the campuses. Be a part of something that began at your campus. Join the ranks of Ichydom today!!!

Letter to the Editor:

What is SGA. Is it an organization on campus designed to promote campus functions? Most students were under the impression that it is the governing body here at Highacres. What is the purpose of an SGA meeting? Is it to provide a place for students to bring forth their ideas so that they can be presented to the administration with the backing of the campus government? Why then, has it turned into another H.C.A.C. meeting? At University Park USG is concerned with issues like: an open budget, minority rights and enrollment, tuition increases, and the selection of a new University President. Here at home we seem to be more concerned with the Semi, and what to do about Residence Hall students that drive up the hill. Granted, the Semi is SGA's main event of the semester, and the parking problem does need to be resolved. I just can't see how an organization that takes to decide what their sweat-shirts are going to look like can propose a reasonable solution to a problem of weight. What can be done? For one thing SGA can reevaluate it's position. Ask the students for input, or how they feel about a certain proposal, vote on the issue and take it to the proper people. If the student body's needs are not met, press the issue further. The idea to have different stickers for off campus students is a good one! Let's take it to the administration and get it implemented. This is a problem that is not going to go away. In fact it will get worse. The construction of a new academic center, and a new Residence Hall is about to begin. If necessary SGA can get a court injunction to delay the building un-

til an adequate solution is found. I seriously doubt that it will come to that, but we must realize that it could. The university spends millions of dollars a year, why can't they afford two different color parking stickers? If you are really interested about what the school doesn't do for it's students, ask me about the MAC machine that was supposed to be included in the new bookstore.

JORDAN RETIRES

Dr. Bryce Jordan, the president of The Penn State University, is seeking a committee made up of University Park administrators, faculty and Staff, and students to meet in order to seek out Dr. Jordan's predecessor. On August 31, 1990, Dr. Jordan will be resigning as the president of The Penn State University.

So, what is our concern? Well, the Board of Trustees has decided to choose two students from University Park to sit on the committee. One student will represent USG (Undergraduate Student Government), and the other student representing GSA (Graduate Student Government). So what happened to a representative from CCSG (Commonwealth Campus Student Government)? Why is the Board of Trustees denying CCSG a seat on the search committee? Shouldn't the Board of Trustees realize a new University President will not only be the president of University Park, but to 19 more Commonwealth Campuses, whose enrollment makes up close to 50% of Penn State's population.

Right now P.J. Sternberg, Coordinator of CCSG, is fighting a political war with University officials trying to get a seat issued to CCSG.

So, the issue now lies in the Hands of the Commonwealth Campuses and their Student Government Association Presidents. What do "we" do as a member of CCSG? The first step in the right direction, I feel, is to pass around two petitions; one petition to the student body and the other petition to the Faculty and Staff.

It is an absolute Necessity to show our concern to the situation. It is pertinent to the Hazleton Campus as well as any other Commonwealth Campus, to show that this must be tackled head-on. So, as Penn State's number one Commonwealth Campus, let's pull together and let's make the Board of Trustees realize how serious we are!!

RESERVE OFFICERS' TRAINING CORPS

BELIEVE IT OR NOT, THIS GUY IS IN CLASS.

If you're looking for excitement and adventure, you'll find it when you enroll in Army ROTC. It's not your ordinary college elective.
