called.

Brian Suwalski, a member of the Lion Ambassadors and president of the Student Government Association at Penn State Hazleton, stated in an interview, "It's a great way to let the community of Hazleton know that we care about what goes on outside of the campus boundaries."

Faculty members who partook in this project were Dean Joseph McCallis, and Jean Delese and Cy Falatko, advisers.

The Lion Ambassadors involved in

the movement were Marie Boyle, Julie Valonis, Jen DeGrazia, Crystal Brewer, Jenn Casto, Brian Suwalski, Sue Hilyard, Tonya Gawrip, Dan Hued, Michael Sophy, Jim Sickonic, and Jennifer Beckery.

Volunteers Needed To Build Creative Playground in Drums

by Scott R. Hnasko

On Wednesday, October 17, the Drums Elementary School and its surrounding community will begin a five-day project which hopes to brighten the lives of pre-schoolers through adolescents.

It is a project to build a creative playground, and it is a project that looks toward local residents and Penn State students for volunteers.

Patty Loll and Barbara Franzosa, co-ordinators of the project, are building the playground to provide a safe, fun-filled area for all ages to enjoy during and after school hours.

Loll and Franzosa are working with Robert S. Leathers & Associates of Ithaca, New York, an architectural firm who has designed and supervised the construction of over 500 of these creative playgrounds throughout the nation.

According to officials of the Leathers firm, each creative playground is a multi-level wooden structure with ladders, ramps, and other such features.

This past spring, an architect from the firm visited the elementary school and custom-designed a playground suitable for the location and the children it will serve.

Loll states that the final element in the project is the most crucial -- volunteers. Approximately 1,000 volunteers will be needed to make the project a success.

Volunteers will be able to choose the days and times they will work. Days range from Wednesday, October 17, to Sunday, October 21; and work shifts are available from 8:00 a.m. to 12:00 noon, 12:30 p.m. to 5:00 p.m., and 5:30 p.m. until dark. Free lunches will be given to all workers at the conclusion of every work shift.

Workers are needed for construction, set-up, child care, and other areas.

Anyone interested in volunteering for the project or wishing more information can contact any of the clubs on campus or call 788-3906 or 788-2786.
