His peers, however, find they can relate to what Harry Hard-On has to say. The popularity of his show grows at epidemic rates, and soon every teenager in the area is listening.

Soon tragedy strikes and Harry Hard-On is blamed. The rural southwestern town is turned upside down in the search for the anonymous DJ. Slater's character is in the middle of a disaster he never anticipated. He must decide to loyally continue the program or end it all before it is too late.

Christian Slater performs with mesmerizing passion. His brilliant personification of the rebel image could easily make him the James Dean of this decade.

Samantha Mathis, in her sizzling debut, gives a unique and emotional performance - the perfect compliment to Slater. The exceptional soundtrack includes Concrete Blond, Sound Garden, Peter Murphy, and Cowboy Junkies.

The movie is sensationally entertaining. However, it is far from your typical teenager movie; it stirs some honest and heartfelt notes. You will leave the theater feeling bolder and more daring. The film is a true inspiration.
