

# WHO IS BENNY VELOUR???

This is an important question which may just very well affect the rest of your life. Four out of five doctors agree that not knowing the answer to this simple question can cause stress, headaches, insomnia, brain tumors, blindness, and, yes, even death.

There is only one way to save your life. There is only one cure for the disease which ails you. For the sake of your parents, your family, your loved ones, and your pets -- you must see...
