

# Campus Receptionist Honored as Highacres Collegian's Unsung Hero

By Michele Labour

All too often credit is not endowed upon those who truly deserve it. The purpose of this feature is to acknowledge those who are routinely overlooked. Have you ever wondered who you would ask for directions of the campus and surrounding area? That is the purpose of this article, for the Highacres Collegian to give high regard to Rosemary Mandrick.

As you walk in the doors of the Administration Office you see the smiling face of Rosemary, the campus' receptionist, to greet you and help you with whatever you need.

Rosemary was first employed as a part time cook in the Dining Hall for a year and half. When she heard of the opening for the receptionist she applied and has been there for five and half years.

Rosemary's job is to answer the phone, process in and outgoing mail for the staff, relate messages, and give directions. Her favorite part of the job is the atmosphere and

meeting the students and faculty coming in everyday. She especially likes helping students and faculty. "I go home at the end of the day feeling good, knowing that I helped people."

The most frequent requests from students and staff are finding directions around campus and Hazleton and placing phone calls.

Not only does she work hard during the school year, but during the summer it gets busy with parents and students that are from out of town coming in for information about the campus and surrounding area.

During the winter, students constantly call in to see if there is a compressed schedule or if there are classes cancelled.

During Rosemary's free time she enjoys aerobics, shopping, and spending time with her husband on remodeling the house.

When giving credit where credit is due it should be given to Rosemary for all her dedication and help around campus

## Residence Hall Council Under Reconstruction

By Janel Murphy

The Residence Hall Council has been reconstructed. In fact, there is no longer an RHC. RHC is now the Association of Residence Hall Students (ARHS).

When RHC was first formed, South Hall was the one and only Residence Hall at Penn State University Hazleton Campus. However, since then Hazleton Campus has grown. RHC has not been able to keep up with all the needs of all the students in all three resident halls. Hazleton Campus has outgrown RHC during the past few years. Four officers sitting in the basement of South Hall can no longer handle the demands of all the student activities throughout the campus.

The solution to this problem is for RHC to expand in order to be able to fulfill the needs

and demands of the students. The purpose and function of the ARHS is to provide activities for all students residing in the University owned housing. It shall also provide, for its members, a living atmosphere representing their interests and encouraging a unified spirit a responsibility in resident halls.

All full time students who are currently enrolled and reside in campus housing at Hazleton Campus, qualify as members of ARHS.

The set up of ARHS is modeled after the same organization at University Park. Instead of there being only one Residence Hall Council that presides over the whole campus, there will be a Council for each Residence Hall. Each Council will consist of a President, a

Vice-President, a Secretary, and a Treasurer. Each Council will have its own responsibilities and meetings in its own Halls. The Councils combined together form the Executive Board. The Executive Board shall act as the governing body of the Association of Residence Hall Students. It shall have ultimate authority over all decisions made by its committees and officers as well as individual Residence Hall Councils. Executive Board Meetings will be presided over by a moderator. ARHS has been created to fulfill the needs of Hazleton Campus students and hopefully the remodeling of the Council structure will be a success.
