

# Circle K Gives Support to the Community

by: Scott Lieberman

Circle K has had its hands full this year, from an inactive beginning to a continuous pace they have set the tone for future clubs next year. They had dedicated their time in various activities throughout the semester, such as walking dogs at the local animal shelter. They had the Hazleton community in their annual Funfest, where many members gave numerous amounts of hours and time.

They also had fund raisers within their club, such as candy sales, to raise money for things that their club needed. Throughout the

holidays they sang at the local nursing homes to brighten up the patients holiday spirits; then, acted as Big Brothers and Big Sisters in a Christmas party. They participated in chaperoning YMCA Teen Dances.

Even after giving their self and time for all these things they wanted to contribute even more time and effort by selling T-shirts to help people become more aware about the environment. Even after being aware about the environment they helped raise over \$100,000 for the American Cancer Society by participating

in a telethon. They also helped raise over \$3,000 for march of Dimes by being part of a walkathon.

Even with the heavy class loads of their various club members the club managed to do over 500 hours of community service work. This club really showed it's flare this year. Next year it hopes to do the same with the new officers:

- Michele Henniger-President
- Sydney Baker-Vice President
- Susan Blanke-Secretary
- Brad Mummert-Treasurer

# WPSH Closes Out its First Official Semester

by: Virginia Rodino

It is that time of year again when the campus radio station switches management. Last week WPSH held elections for the station's offices. Arvel Brown won the position of president, Rob Venema was elected vice-president, Reggie Lutz remained secretary, and Rob Sloniker became treasurer. Best wishes

go out to the former officers President Thomas Gilligan and Vice-President Jimmy Gromaldi.

This semester the members of WPSH put together one of the most productive campaigns for FM transmission this campus has ever seen. The forty members of WPSH coor-

dated one of the most professional, responsible, and diverse programs the station has ever had. After being recognized by the local newspapers and the administration of the university, WPSH has brought the possibility of FM transmission to this campus a reality. This semester

# Student Union Board Ends a Promising Year

by: Virginia Rodino

Looking back at their accomplishments, members of the Student Union Board cannot help but feel proud of this past year's activities. They are also excited about next term's programs within the organization.

During the first semester SUB held a Halloween bash in conjunction with PSU's

then radio station WHCB. Comedian Jeff Lifschultz was also performing that night before local musicians Voo Sha Dae put on their show. There was a quaint pumpkin painting contest earlier that day, too.

In December the annual winter semi-formal was held at Edgewood in the Pines. The

theme was "Silver Bells Ball" and the colors are silver, light blue, and white. King Sound Productions provided the music for the night.

For Valentine's Day SUB held a drawing for a free gift certificate to Carmen's Family Resturant during the annual Valentine's Day dance deejayed by the cool guys from 704

# OTIS Ties it All Up

by: Dori Petritsch

At the close of this semester O.T.I.S. is once again sponsoring its Care Package Program. Orders are now being taken and deliveries will be made the last week of April.

New officers for O.T.I.S. have been elected and they are as follows: President, Dayne McAfee from Zion Grove, PA; Vice President, Dori Petritsch from Delano, PA; Secretary, Kim Rosato from Hazleton, PA; and Treasurer, Michele Labour from Nescopeck, PA.

All of the clubs events were big successes. President Tom Gilligan said, "It has been a pleasure working with all of the club members this year. They made my job easy and exciting. I feel that we have one of the most reliable staffs of any club on campus. The services which we provide for students, the university, and landlords of the local community often go unnoticed. I would like to commend all of the members and wish them luck in future endeavors. I hope that O.T.I.S.'s members increase in number, and get the recognition which they deserve."

by: Chris Shenyo

Greetings one and all. As the new "dictator" (President) of the Fantasy and Science-Fiction Club I find it to be my duty to introduce our purpose to those who are unfamiliar with our events or even existence. Most people believe our organization to be Satanic, Demonic or just plain strange. They don't know how wrong they really are for the basis of Role Playing Games is simply the imagination. Think about this; everyone was a kid once and what is one thing all kids have in common? Every kid has dreamed of being someone important or heroic. They dream of being anything from cowboys to princesses but it's really all the same; they are someone different and special. Role Playing Games are in reality just the adult versions of our inner child. They come in many sizes and shapes but the imagination is still there.

The main body of Sci-Fi is to expand the horizons of its members and bring those childhood fantasies a little closer to reality. We accomplish this through various forms of games ranging from board games of all types to complex game systems such as Dungeons & Dragons. However, this is not the limit of our arsenal. We are open to a whole hoary host of RPG's i.e.: Cyberpunk, GBI, Battletech, Warhammer etc... but other suggestions are welcome anytime. We also don't limit ourselves to just RPG's. Other activities include Riddle Runs, movie nights, and social events. Membership is free, everyone is welcome including civilians. For more information call our office at 450-3131 or attend our weekly meeting Mondays at 5:00 p.m. in the lower Commons conference room.
