

## AT NIGHT

Sprechen Sie Deutch? That is what the night classes taught by Mr. Chase are asking each other. "Military German" or "How to Understand the World Situation" is the subject for consideration and study. A fundamental knowledge of German is advisable although not a necessary requisite for the course.

The popular language Spanish has been a night course subject for some time. The twelve students under the tutelage of Mr. Brentin are rapidly absorbing advanced conversational Spanish. Maybe you think three hours one night a week are not enough to learn anything, but they seem to be doing it, and quite ably too.

Continuing the first semester's work in E.S.M.D.T., we now have thirteen courses of three and one half hours each. Over three hundred and fifty men have enrolled in the various courses which include Elementary and Advanced Engineering Drafting, Foundations of Engineering 1 and 2, Metallurgical Inspection and many others.

All of these offered courses are valuable in Defense Work; the Center is doing its share in preparing individuals to fill the necessary positions.

The classes are not all held in the Center building, but are scattered throughout the city in various convenient buildings including the Hazleton High School.

## FRATERNITY

The Center Fraternity, the Phi Delta Phi, has seventeen pledges who will be issued initiations this evening at a meeting which will be held at the Y.M.C.A. beginning at 7:00 P.M. The frat "Hell Week" is to be next week, from March 9-13 inclusive. The initiation ceremony will be concluded by a dinner party on the evening of Friday, March 13.

ADVICE TO THE LOVEWORM  
by UNCLE PETE

Dear Uncle Peter,

I have a problem, but good. You no doubt have heard that many people have suffered from the national emergency, but I must have hit the jackpot. You see, first the navy took one of my boy-friends and just last week my main heart-throb was drafted. What should I do?

Jean Danks

Dear Jean Danks,

I personally don't know how to solve your problem, but I will be glad to furnish a list of eligible bachelors who are exempt, or too young to be drafted. It is better to be a cradle-robber than to be an old maid.

## FROM THE POET'S CORNER

"When God gave out noses  
I thought he said roses  
And I said give me a red one.  
When God gave out ears  
I thought he said beers  
And I said give me a big one.  
When God gave out brains  
I thought he said trains  
And I missed mine.  
Ain't I a mess?"

stringent than those of any other state. Nevada marriage laws are so radically different that Reno has become the clearing house for derelict marriages. A drivers license cost twenty-five cents in Georgia and is free in Iowa, while Pennsylvania charges one dollar. These social evidences of our disunity certainly won't hamper our war effort directly, but they contribute to the national picture; and they have a telling effect on the morale of many of us.
