

The Radio Forum

The Radio Forum, "Hazleton's College of the Air", under the sponsorship of the Penn State Center, has been in every sense a practical service to the community. The main purpose behind this forum has been to acquaint the general public with the background and future aspects of the war, and at the same time to give the public some practical information concerning such things as chemical warfare, propaganda, and relation of the citizenry to the war effort.

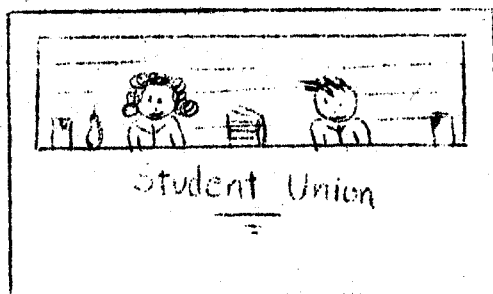

This radio forum has for the most part been directed by the professors at the Center. They have planned the program and taken active part in all the discussions. But at the same time, prominent citizens and Center students have also been invited to participate in the discussions.

The next program of the current series concerns itself with the Army Day celebration on Monday, April 6. The topic for discussion will be "Your United States Army."

Official Bulletins

From our administration comes the news that the Easter vacation begins Thursday, April 2, 1942, at 5:00 P.M. and lasts until 8:00 A.M. Monday morning, April 6, 1942. As you all know, the vacation is somewhat shorter due to the war situation.

Mr. Chase replaced Mr. Isenberg this week as faculty advisor for the College Student Union. Said Mr. Isenberg when asked for information, (quote)".....".(unquote). Mr. Chase affirmed Mr. Isenberg's statement.

Harrison on Humor

(con't from page 3)

A man hopes his lean years are all behind him, but a woman hopes that plenty of hers are still ahead.

As the medium cried when the ectoplasm came in, "That's the spirit."

"That was a bad fall," said the salesman as he looked over his report from September, October, and November.

Then there was the contortionist who had to give up his work because he couldn't make both ends meet.

"The doctor will see you inside," said the nurse to the patient on the operating table.

Then there's the proud father who wanted his son to be a carpenter, so he sent him to boarding school.

When road-hog meets road-hog, it's the survival of the fittest.

Introducing

If you were to see him at a restaurant, you would most likely see on his platter, chicken or beef, tomatoes, egg plant, potatoes, or turnips, but never spinach.

Well, that's the mysterious Mister X. Now you know him as Dr. Eshleman. We all say "Greetings and Calculations, Dr. Eshleman."
