Some say that ever 'gainst that season comes
Wherein our Savior's birth is celebrated,
The bird of downing singeth all night long;
And then, they say, no spirit can walk abroad;

The nights are wholesome; then no planets strike,
No fairy takes, nor witch hath power to charm;
So hallowed and so gracious is the time.

Council To Sponsor Christmas Party

The Student Council will sponsor a Christmas party on Tuesday evening, December 19, in the lounge. Carl Christopher, president of the Glee Club, will lead group singing. Each student will bring a twenty-five cent gift which will be distributed during the program.

The dormitory boys, headed by Jack Reinhart, president of the Dormitory Association, and Robert Barrett, will erect and decorate a Christmas tree and decorate the building for the party. Mr. Carpenter, Dean of Men, will assist the boys in the decorating.

Engineers Visit Bethlehem

Last month a group of sixteen sophomore and freshmen engineering students traveled to Bethlehem on a three hour tour of the steel and iron foundries. Mr. Pavone and Mr. Ward were in charge of the group. The students were conducted through several plants, from the coke ovens, where the steel-making process begins, to the boring mills, where the steel is cut and shaped into the final product.

French Club Disbands

The French Club, "La Vie En Rose," disbanded on December 8. Lack of cooperation among its members was given as the reason for the action. President Jim Lorah presided over the last meeting. A motion was made to turn the dues over to the Building Fund Campaign.

McGee Named Chairman

Edward McGee, chairman, announced that Scotty Parson's orchestra will play at the Christmas semi-formal dance which will be held tomorrow night at St. John's Hall. Dancing will be from nine to twelve.

In charge of decorations is Harold Kramer and the following committee: Frank Fellin, Kate Midash, Jane Margworth, and Harold Filbert. Mr. Kramer has stated that not only will the dance floor be decorated but also the band platform and the entrance.

Students may pick up their failing grades for the 12-week period on Monday. See your advisors.

If you are returning to the Center for the Spring Semester be sure to list your courses with Mr. Kostos before the holidays.

Building Drive Now 10 p.c. of Goal

Matt Shaw, director of the Activities Building Campaign, reports that 10 percent of the \$85,000 goal has been reached. Committees driving for funds are again contacting their gift prospects after being temporarily delayed by the storm.

As the Collegian went to press labor leaders of the community were meeting at Highacres to inspect the physical plant, the academic program, and special services of the Center.

Those in attendance were: Francis Brislin, Int'l. Association of Machinists; Anthony DeCosmo, business representative of theatrical workers; Henry Steibling, Int'l. Electrical Workers' Union; Bernard McHugh, and Joseph Rice, representatives of United Mine Workers' Union. Other labor men who could not attend the meeting but indicated an interest in the Center were Daniel McGee, Joseph Brienza, Thomas Howley, Charles Cartwright, Harold Brobst, Raymond Shore, George Hascher, and Robert Reeser.

McGee Speaks On W.A.Z.L.

Edward McGee, president of the Student Council, represented the entire student body at the Hazleton Center on a radio program to promote Community participation in the Activities Building Drive over WAZL on Thursday, December 7. Mr. McGee gave his reasons for selecting the Hazleton Center, a community college, to continue his education.

In order to organize a concrete plan for club participation in raising funds for the gym drive, all club presidents met with Bill Kaehler, chairman of Student Participation Fund, on December 4. The Women's Organization was the only club to have a definite plan for donating money. The girls held a bake sale in the basement of Deisroth's Department store on December 13. Under the chairmanship of Julia Allen were the following women: Betty Perna, Betty Harlor, Mary Jane Allen, Rita Bradish, Candida Ramovegliz, and Jane Margwarth. Baked goods were contributed by the women students and the faculty wives.

Math-Eng. Club Entertains

The Math-Engineering Club opened the Center's Christmas Activities on Dec. 8, when they sponsored an All-College dance in Main Building. An unknown band made an appearance with only two rehearsals and were to add new spirit to Penn State Center. Harold Filbert was chairman. The lounge, the dining-room, and the foyer were elaborately decorated under the charge of Harold Kramer. Sandwiches and soft drinks were served after a humorous skit was enacted in the main lounge. Dancing followed until 11:30.

Council Unveils Constitution

The Constitution Committee of Student Council after many hard weeks of work has finally come up with the final draft of a constitution, which is to be submitted to the student body for its approval.

In writing the new constitution the committee used as a model he constitution recommended to all Centers by the Intercenter Council Conference. Copies of the Constitutions of all the Centers were obtained and were used by the committee as reference material. The committee also sought the advice of our faculty and Administration who have had a great deal more experience with student government.

As in any Constitution the main article is the article which deals with the powers of the organization for which the constitution is being written. At Highacres, it seems to be the opinion of the students, faculty and administration that the students should control the expenditure of all SGA monies. The constitution to be presented to the students vests this control of SGA fees in the Student Council alone, whose members are the elected representatives of the Student body. The article dealing with the powers of Student Council is quoted below:

Article IX—Powers

Section 1. The Student Council shall consider and act upon such matters as may be brought before it by the Administrative head, or by any student or faculty member.

Section 2. The Student Council shall have the power to summon any student to appear before it and conduct such investigation as it may deem just and proper.

Section 3. Upon any investigation held before the Student Council any member of the faculty may be requested to attend as a witness or to aid the Council in such matters.

Section 4. The Student Council shall have the sole charge of all money collected through the Student Activities Fees, and such requests for money by club and student activities must be in writing and presented to the Student Council prior to the second meeting of each new Council.

a. The Student Council shall have the authority for requesting all organizations receiving SGA funds to present reports at any time.

b. The Student Council shall not be liable for any unauthorized expenditures.

Section 5. The Student Council shall have the power to vest authority in a subordinate organization.

Another change from the present setup of student government was the elimination of the Student Faculty Board. This decision was made by the committee in light of the facts that the Student Faculty Board has not functioned as a group, and that
