

BRING YOUR WORKING CLOTHES WEDNESDAY; IT'S CLEAN-UP DAY. NO WORK -- NO EAT  
Final preparations have been made for the annual Clean-Up Day here at Highacres.  
The purpose of the afternoon of work by faculty and students is of course to  
beautify the campus for May Day, when an estimated crowd of up to a thousand  
parents and students from area high schools may be present in addition to ourselves  
and our own personal guests.

Clean-Up Day is set for next Wednesday afternoon, April 30, Rain date is May 7.  
On Clean-Up Day, classes will be suspended at 12:20 and all students and faculty  
members are asked by the Student Council to meet in the Circle at 12:45 wearing  
work clothes and ready for an afternoon of labor -- not rough but efficient.

Council asks us to bring with us our lawn rakes or other implements for work  
on the grounds.

EDITORIAL

Impeachment hell --

On Wednesday afternoon it was brought to the students' attention by a faction  
among them that proceedings should be instituted leading to the impeachemnt of  
present Student Council members and the abolishment of our present Student Council  
constitution and the installing of a dictatorship. As a co-writer for your  
Weekly Newsletter let me show you the ridiculousness of the action of this group.

First -- To impeach, you must have some serious grounds or facts of failure  
of the incumbent who are to be impeached. The dissident group has offered none of  
these grounds.

Second -- To abolish the present constitution, which is more democratic in its  
intent and language than any adopted by a student government association of which  
we know, for one of dictatorship or oligarchy is a direct insult to the intelligence  
of every student at Highacres, and above all is unAmerican. A dictatorship or an  
oligarchy (which is what our splinter group apparently wants) means rule by a few,  
making it compulsory for every individual to bow to and carry out the will of these  
few of their fellow students.

It is with all sincerity that I say that since the group's main contention is  
that of some hazy dissatisfaction among some of the students ( of course it's  
spring) and nothing of a specific nature, we dismiss these ideas from our minds.

This newsletter will gladly carry a "Letters to the Editor" section and asks  
you to put your dissatisfactions in writing for publication. Your letters will not  
be edited if you wish your signature to be printed at the end of each of them. Of  
course you must sign your letter if you wish it to be published.

MAY QUEEN TO HAVE MILITARY ESCORT

To add still more color to the May Day Coronation of our Queen elect, Josephine  
Donish, the committee in charge of May Day arrangements has decided to give the  
queen a military escort. Fourteen cadets have volunteered (Air Force style) to  
form the escort: Garth Fisher, Michael Kudlick, Joseph Smith, William Troy,  
James Ustynoski, William Coll, James Barry, Stephen Kavalecs, Raymond Schultz,  
Arnold Cole, Robert Yannarell, and George Seid.

-----  
Campus Looking Good

Highacres custodial staff men have been putting the first touches of spring  
freshening-up to the campus surrounding the main buildings. Messrs Coyne, Faux, and  
Michael know just how to apply the touches to the best advantage. We can put our  
ice-cream wrappers where they belong, give the grass a chance, and allow the  
rhododendron leaves to stay where they belong.
