"Sexy" IS THE WORD

Was that mass of white material which was displayed this week snow or was it the reflection from the white sweaters worn by the Mu Delta Sigma Fraternity brothers? Campus rumor has it that the wearing of the sweaters was the motivation necessary to produce the snow. Others say that the little fat man who operates an 8 raindeer jet-mobile dropped in on the fraternity a little earlier in the season, drank and had his fill of the fraternity nectar and left the sweaters as a present. Well, we are sorry to disappoint most of you, but those sweaters were purchased with hard, cold, fraternity rubles which were cashed in from the "seemingly" penniless pockets of each Mu Delta Sigma member.

At one of the earlier fraternity meetings a committee of five members was elected and immediately went to work seeking for the best and cheapest. This committee--John Carr, Cyril Carroll, Ray Stabinski, Nick Pelick, and their chairman, Steve Warner, gave the contract of 30 some odd white fraternity sweaters to Pollock and Mann here in Hazleton at the staggering price of (a miser's sigh) near to \$500.00. The Mu Delta Sigma fraternity shield was attached to the sweaters which were ready for individual distribution the morning before the Thanksgiving holidays.

The officers and members of the Mu Delta Sigma fraternity would like to openly express their sincerest appreciation to Steve Warner, fraternity treasurer, who willingly devoted much of his time and attention in the purchasing of the fraternity sweaters.

Thank's Steve, for a job well done.

MU DELTA SIGMA FRATERNITY

BOB TRACY "BREWING UP" AND NOT "BOOZING UP"

Have you noticed lately the puzzled and perplexing look on Bob Tracy's face? He's not sick or in love; believe it or not he is THINKING. He is now spending some of his "elbow bending time" with the Mu Delta Sigma Social Committee of which he is chairman, trying to formulate a fraternity party which is to be held before the end of this semester. Tracy spent Thursday night with his sick roommate, Nick Pelick, both colleagues of the "SACKED VESSEL AND FLASH" drawing up plans for this long awaited event. Latest reports from the "THINKER'S" headquarters relate that it is to be an all-college affair with plenty of fun for everyone.
