

KIPPERS (continued)

In the fourth inning, however, the Kippers hit their stride when the big bats of Pete "Ka-roo" Kerutis, "Horsetrader" Ed Eisiminger, Jim Elliot, and Carl Williams kept the shorthanded Vet outfield busy chasing extra base hits. The Kipper's piled up eight runs this stanza before Burcin's boys could put out the fire. Pete Kerutis added an insurance run in the fifth by scoring "Stash" Miller on another long double. This mid-game rash of runs gave Shipman the comfortable margin he needed to coast to victory.

A seventh inning Vet try for victory was cut down by the Kippers, after one run had scored, with a sparkling, game-ending, Miller-Kerutis-to-Eisiminger double-play.

BANDITS FORFEIT

Umpire Norm Hall at precisely 5:45 p.m. called the Bandit-Bluejay softball game a forfeit in favor of the Bluejay. The larger portion of the Bandit team, including their manager--Mike Ewencho--failed to report on the ball field. This marks the first win of the season for the Bluejays.

The softball umpires--Norm Hall and Jack Donovan--wish to impress upon all ball clubs and their managers that hereafter, any team unable to field nine of their own men on the softball diamond at 5 p.m. will close the game on forfeit to the opposing team providing that team has nine men and is ready to play ball at the prescribed time.

CAN US CHATTER BY CHIPPY CHIPMUNK

Hi fellow students,

Before I begin my weekly chatter I would like to report the loss of a very important item. Bob Henney and Norm Hall are grief stricken over the loss of this item so if you should find a little dog running astray please return him to either of the two fellows because he doesn't have bus fare. Maybe we could persuade the boys to give a reward for this dog, if returned.

Signs of summer are really here. Harriet Tulin devoted a portion of her time before practising for "ay Day ceremonies to wading in the pool which is located on the lawn of the school. How's the water, Harriet?

Have you ever noticed how well Sally Rerich and Beverly Wizzo are getting along lately? What's the matter girls have you given up arguing or have you turned to arguing with the women in the Hazleton Library who wear buckles in their hair?

I enjoyed a few tasty morsels after the party which was held for Miss DiRubbo on Thursday, May 6, 1953. How come Miss DiRubbo always looks so astonished?
