

## ROVING REPORTER (continued)

It seems Paul Bain, Norm Hall, and Steve Warner are always picking on the poor girls. I hear the girls are getting together and planning a little surprise for Steve. Beware there, Steve!

On the grass were Joanie Griesing, Marie Jacko, Manny Barbeito and Gov Wizzo. They all agreed with me that it's not studying weather.

This is definitely convertible time. The proud owners--Butch Pardee, Paul Bain, Steve Warner, Dave Landau, Fugie De Toma, Gale Gregory, and Theresa Flynn--are taking advantage of the sun.

Bob Tracy and Nick Pelick can now be considered Boy Scouts. They blazed the trail for the Potany 27 field trip on Monday.

I hear Moose Sharkowicz gave the concession owner's at Harvey's Lago a hard time during the fraternity picnic Sunday.

Where's this Powder Hole that the polar bears of Highacre's are taking advantage of? It must be a race to see who gets a sun tan first.

I was listening to the radio the other day when I heard George Mastroianni giving the Center a little free publicity.

Tuesday was expedition day. Pundi drove Vicious Pitook, Zany Zablock and some of the coeds to look for Justofins Grove. I understand they didn't get too far.

Well time for class. See you at the picnic Sunday. Be there--be different--and your name will be in print!

## SEND A GET-WELL CARD TO DON SNOVER

One of our cheerful, likeable freshmen--Don Snover--is ill with a virus infection, and has been unable to attend classes for over a week.

It would be a grand gesture on the part of Highacre students if we would each send some sort of a get-well card to Don. At the present time, Don is a patient at the Hazleton State Hospital. Get-well cards could either be sent to the hospital or to his family home, 350 West Green Street, Hazleton.

## FUTURE OF HIGHACRES SOFTBALL LEAGUE IN DOUBT

It appears that many of our athletes have given up softball. On Monday and Wednesday of this week, the Yankee-Kippers were on the softball field ready to play and their opponents failed to field a team--the Bluejays, Monday, and the Bandits, Wednesday. The Vets and the Kippers are the only two remaining teams in the league who are still willing to play league ball. What's the trouble with the Bandits and Bluejays.

The Student Athletic Committee is highly concerned about this lack of interest, and will take drastic action soon if this situation is not corrected.

## STUDENT COUNCIL

The two major issues brought before Student Council at the meeting Wednesday, May 13, were the All-College Picnic and selection of members for interim council.

Robert Tomsho, Chairman of the Social Activities Committee, announced that an \$80.00 budget has been set aside for the picnic. It was also announced that \$112.00 had been spent for the May Day Dance.

President Andy Karpinski asked each member of Student Council to submit names for position on interim council. Council will vote on them at the next meeting.
