**COME ACROSS WITH THOSE BOOKS**

Miss Pearl Garbrick wishes to make this emphatic statement to those students who have not turned in the library books they checked out-- no library books, no credit for subjects. In other words, a student who still is charged with having a library book cannot receive his or her credits until the books have been returned and the fines payed. It may be of interest to those who are guilty to know that a fine of five cents will be added on to the first fine for each day overdue and the fine must be payed.
