

STUDENT GOVERNMENT ASSOCIATION

On October 1, the full-time students will select by ballot the individuals they wish to conduct the business of Student Government for the coming year.

The deadline for nominations is September 28 at 5:00 p.m. All petitions must be in Mr. Mattern's hands by this time to enable him to select and indoctrinate an election board to handle the actual balloting.

The importance of careful selection of Student Council officers has been forcefully presented to the Freshman Class by Mr. Mattern's lectures during Orientation Week.

Returning Sophmores and second semester Freshman know from experience the necessity of competent leadership in this highest office of Student Activity---
THE STUDENT COUNCIL.

Choose your candidates carefully to insure the sort of leadership and activities you as a student know will be both constructive to the individual and a credit to the college as a whole.

THE FLAGPOLE AGAIN

To start the year off on a familiar note, the Collegian Staff reopens its well-worn campaign to get a flag on that lonesome flagpole in front of the Main Building. It is practically impossible to locate anyone on the Campus who can remember when a flag ever hung on said shaft.

As near as we can figure, the closest thing to a flag ever seen on there in recent years was a rather unpatriotic pair of Long Johns with its trapdoor at parade rest.

Perhaps some enterprising college politician with his eye on the Student Council, will capitalize on this and place a plank in his platform which guarantees a flag on our flagpole so we can quit the controversy about "this college without a country".

BELIEVE IT OR NOT

It will be impossible for Norm Hall to engage in any ping pong games this semester because of the contour of the ceiling in the New Rec Hall.....

Our hypnotist, Joe Shumacher, is with us again this semester.....It appears that Mr. Steel still is wondering why he was compelled to give Joe a 3 last semester.....

We've a combination drummer boy and weight-lifter in the person of Ray Carbe, a new student who is in Music Ed.

It is an absolute fact that this paper will not make any comment whatsoever on the latest Kinsey Report.

There is a new invention: A T.V. set that's ten inches wide and a quarter of an inch high.....It's for people who squint!
