

Chippy Chipmunk (Continued)

Penn State Girls. He claims it's Jake and Al Ripas fault. Looks mighty fishy to me !!!

Did you see the picture of a big grizzly bear? Some fellas say its a snapshot of Jim Kobrick.

I've heard it said that charity is a virtue, and charity is just what the Penn State girls are up to when they are knitting. These girls are sending their products to Korea because the Penn State boys are so scarce.

What influence can a small town like Berwick have on Marri Lu Lotito. Is his name Mike?

What does Johnnie Crine have that puts that gleam in Margie Brohms eye? Well, Margie.

Yesterday I entered the rec. hall and noticed Sally Barich and Joe Dougherty jitter-bugging. Someone suggested that they should become partners for life. What do you think, Sal?

I hear that Norm Hall is conducting guidance classes for the freshman girls. How do I qualify?

Why is it that everytime a certain freshman lass walks by our friend Randall Grassley she lights up.

Bob Stauffer and Larry Yannes are also interested in the freshman girls.

Our gal, Terry Flynn, is the only girl who gets early morning calls. It seems one of our fellas disturbed her last Saturday morning.

Mary Danish just can't act like a lady in Botany I leass. What's the matter Mary are the cactus's bothering you?

Ilong Weltman is a Berwick fan. I wonder how come?

George Mastroianni is a heart-breaker, so be careful girls.

Someone said they thought Nancy Mauc was Chippy. Nancy's so quiet to notice some of the things Chippy notices.

INCIDENTALLY MR. STEEL'S PIERCE ARLOTT IS STILL RUNNING SMOOTHLY.

"CHIPPY CHIPMUNK"

Chippy is a sweet young man;
Her face is like a frying pan.
His nose is long; her mouth is sweet;
He may be sitting at your feet.

She hides in walls and on ceilings;
He hurts all of the students feelings.
She never misses trick or treat;
He is the one who can't be beat.

If you're wondering who CHIPPY is,
you're wondering about a psychology quiz.
Maybe by the semesters end,
You'll get to know our little friend.
