STUDENT COUNCIL FLASHES.....

Mr. Wilcox and Mr. Foster will be chaperones for the Christmas semi-formal.

The faculty committee has set June 3 as the date for the Convocation Dinner-Dance.

Playing cards will be in the recreation hall for those interested in playing cards.

The tentative approval of the R.O.T.C. Ball is approved as permanent.

The Traffic Committee is getting full approval from the Student Council.

REMEMBER FRIDAY AFTERNOON.....

With all the signs and newspaper articles circulating around, everybody evidently has heard that Dr. Euwema is to give an address, ~~friday~~ at 4 o'clock in the main lounge. Undoubtedly you all have been told about how Dr. Euwema is going to talk on the aspects of a liberal education, and how all business and liberal art students should be especially interested. Since everyone knows about this the only thing left to say is--- BE SURE TO BE AT THE MAIN LOUNGE at 4:00 P.M. FRIDAY. Everyone is invited regardless of what curriculum you are enrolled in.

IT'S CHRISTMAS ON THE MOUNTAIN.....

Last Friday the Student Activities Committee was busily engaged in putting up a Christmas tree in the main lounge. With balls, tinsel and colored lights the tree is occupying a prominent spot in the lounge. For those of you who have long necks and good eyesight, you've probably seen the big illuminated star on top of the Chem lab. This star has been put in an ideal spot as the roof is clearly visible from the Hazleton highway affording everyone a good view of the decoration. On the north side of the building a large outline in lights of a Christmas tree has been attached to the wall, shining out over the entire valley. With all the lights and trimmings the center is really decked out. To put it simply---we're all lit up around Christmas.

BASKETBALL TEAM OPENS at MT. ALTO.....

The 1953 version of the Highacres Basketball Team opens its league schedule on Saturday, December 10, 1953 against a perennially strong Mont Alto Quintet, at Mont Alto. Our boys will be out to avenge the double drubbing handed them by Mt. Alto in the league competition last season. In addition to providing the initial test this year, Mt. Alto will be the proving grounds for a machine coach "ZACK" TAYLOR who hopes we can find a hole in the offensive armor of the league champs--York J.C. who provide the competition next week, December 18, 1953 at YORK.

Though coach TAYLOR released no official starting line-up for the game, our spy reports that it looks like the "SKYSCRAPERS" on our squad will get the nod---

The Big Boys are most likely to start, they include CLINT FRANK, 6'2"; JACK POLCHIN, 6'4"; BOB BOYLE, 6'3"; NORM HALL, 6'4"; STAN GRUSHEVSKI, 6'2"; VERNON RAOS and BILL BURCIN--the latter two boys have an almost normal pituitary condition which stunted their growth at 6 foot even. The Big Boys are backed up by plenty of skill in the persons of JAC LAWRENCE, TOM SWICK, IVAN LICHEALS, JUPA MARCHESE, JIM "The BEAR" KOBRICK
