" GAME OF THE YEAR" ????

What promises to be the Game Of The Year is looming, when Hazleton Center plays host to the league-leading York Jr. College. If Hazleton, the only team to defeat York this year, can use its home floor to good advantage, a Hazleton Conference title will come closer to being a reality. A combination of Hazleton wins and a single defeat by both York and Johnstown will throw the Conference into a three-way tie for first place.

Support your team and cheer them on to victory.
