STUDENT COUNCIL NEWS

President Norm Hall has announced that the T. V. set will be returned today or early next week. It was repaired by Pensock's at a cost of approximately \$25.00.

It was decided that the student enrollment be divided among the council members so that the council can get in contact with each person on the new building project. Petitions will be in circulation soon to get the opinion of the students on this idea.

Mr. Peightal, faculty athletic advisor, asked for assurance from the council for the money just in case it would be needed for the Johnstown trip this weekend. As it stands now the basketball budget will take care of the known expenditures, but if anything, such as, bad weather would delay their return home, they would be in the "red." The council gave Mr. Peightal the guarantee of some money if he needs it for the playoff trip.
