

Dr. Rossi (continued)

Editor's Note: (From opinions heard around the campus, after the lecture, the Collegian discovered that Mr. Feightal was not the only one who found the talk stimulating and informative. We doubt if it would ever replace pinochle up here, but occasional professional speakers like Dr. Rossi could add a good deal to the mind and experience of each of us.

#### EHMANN SPEAKER TODAY

Dr. Gerhardt Ehmann, associate professor of education at our University Campus, will speak today to all students who are enrolled in the college of education or are interested in that field.

Dr. Ehmann's lecture will begin at 1:20 P.M. (6th period) and will take place in S-101.

#### ATTENTION GIRLS

Practice for the hemlock chain dance will be held on Monday, May 3, at 4:05 P.M. in D1. The four couples who are going to dance at May Day will practice at 5:00 P.M. at the same place on the same day.

May Day is only a short way off now, and your co-operation is needed to make it a success, so plan to be at these practices.

#### SPORT SHORTS

Weather has delayed the start of the softball games. The "Cottonpickers" were fluffed with anxiety because they were all set and raring to go.

\*\*\*\*\*

Mystery----- Who's the head of the drafters' team? Our scout didn't even spot them practicing yet. Maybe they have a training field. Eh?

\*\*\*\*\*

Our two umps, Norm and Jack have already purchased two new rule books. Looks like you'll need them, boys.

\*\*\*\*\*

"Boy Nothing" has slightly worn down a little patch at short stop. He must practice during the night too.

\*\*\*\*\*

Wanted----- two water boys, one to carry the bucket and one to carry the dipper.

\*\*\*\*\*

A new crochet set was recently purchased for those interested in the lawn sport.

#### SPANISH....

Max Mahalic missed school the other day and his reason had something to do with losing his trousers; at least that's the story Mike Blass and Norm Hall related in Miss Brennon's Spanish 2 class.. Senor Mahalic, Donde estan sus pantalones?

What two young Spanish enthusiasts accumulated extra citizenship points on Thursday afternoon?
