

THE COLLEGE ARTS SOCIETY

The end of the school term has brought to a close another successful year for the College Art Society. Under the advisorship of Mr. Gilber Ward and leadership of President Shirley Ray, this organization has tried to give the student body an interest in the cultural fields.

One of the major undertakings of the year was the presentation of several foreign made films. These films included movies made in England, France, Germany, and Mexico. The English film was a screen version of George Bernard Shaw's famous Pygmalion. Also included at this showing was a very informative film about the ballet. The second movie was a modern interpretation by the famous French poet, Jean Cocteau, of the Greek Classic, Orpheus. The Spanish picture, made in Mexico, was entitled Se Pague Las Dias. The German film, The Marriage of Figaro, was adapted for movies, from the opera of the same name. These motion pictures were open to the public.

A venture into the field of literature was guided by Mr. Willard Grubbs through the medium of a very excellent reading of Steven Vincent Benet's story, The Devil and Daniel Webster.

A short, one-act play was chosen and cast, unfortunately however, because of unforeseen circumstances, the Society was unable to present a public performance as planned. It is hoped that they will be able to succeed in this project next year.

And so we close with a word of congratulations to Mr. Ward and the College Art Society, and the hope that next will be as successful.

THETA SIGMA PHI

As another year comes to an end Theta Sigma Phi Sorority closes another chapter in its book filled with many wonderful events. Many Friday night dances were supported by the sorority and they always lent a helping hand in decorating for the semis. A banquet at Singley's ended the first semester's activities for Theta Sigma Phi but the big event came on May 22nd with the May Day Coronation.
