WELCOME

We, the veteran sophomores of the Hazleton Penn State University Center welcome all the incoming freshman and sophomores to our beautiful Highacres campus. You have probably been already introduced to the surroundings---interiors, recreation hall, teachers, students and activities, but now we would like you to become acquainted with our weekly-- "We know it, if it's news" newspaper--The Collegian. This is the Collegian and we hope that all you interested newcomers will co-operate to make this years paper the best ever. Come to our meeting and bring along your ideas, suggestions, criticisms, and yourself--and remember--It's FREE. Yes, the paper and the meeting. So dig in and make yourself at home. Be one of us---OUR HIGHACRES HAPPY FAMILY.

PARKING**** A PROBLEM?

We are still confronted with a parking problem, but with some simple instructions and co-operation, all complications can be ironed out. Although our parking lot is packed to its brim, all students must park there, unless they have a permit for a spot on the top of the hill.

A 15 m.p.h. speed limit is in force ~~anywhere~~ on the grounds. Any violators of the rules put out by the Traffic Committee will be issued a ticket by the Traffic Committee.

SPORTS

DIG UP SOME SPIRIT

Make '54-'55 hepped with jive. This year at the Center are many athletic-minded students and we hope they'll take advantage of the few sports, which we can have. We have equipment for fencing, touch-football, basketball, softball, volleyball, and soon---tennis, but we need people to use them. All you have to do is ask an instructor to advise you and you can begin a league or just competition. Take advantage of this priviledge.

Any of you "eager-beavers", who would like to work on a tennis court are asked to see Captain Carper. The court is there but it needs a little renovating. Get your friends to sacrifice at least an hour to help clean up the surroundings so the court can at least be seen.

Activities eannot go no by themselves. They must have co-operation, support--and people. College life does not mean always studying and taking tests. This is one-half but the other half of campus living are the activities. Without interest on everyone's part, activities will be turned down to the dimmest side. No one likes all work and no play. Show your spirit. Your years at college are very short--so make the best of them. Remember, spirit is not inherited--it can only be achieved. KEEP ALIVE in '54-'55.
