HAZLETON COLLEGIAN

CHIPPY CHIPMUNCK --Continued...

Since Stan "THE MAN" has been elected President, he has been walking around like Eisenhower. It looks like JUBA Marchese and a few other students are his secret servicemen.

A belated Happy Birthday to Larry Moyer. Could he have celebrated himself or did he go to Freeland to celebrate with his female friends.

Whose's knee did we see Janet Drumheller sitting on the other night? How about it John?

Who's the "GOBO" with the long sideburns? He seems to have attracted the attention of one of our freshman girls.

ED Bradley knows what the most used words in a college student's vocabulary are: "I don't know."

That 's all there is this week. I seemed to have run out of gossip .

Th  
Next week the Chippy box will be placed in the foyer of the Main Building. Any student knowing any bit of news of interest to other students please feel free to contribute to this box.

Love,  
Chippy
