THE EDITOR SPEAKS

Why don't they put some good news in the paper? Did you say, WHY? For the past two months we have been publishing six page editions, with the exception of the special Thanksgiving edition. Why have the students been inquiring then? Our hard working staff this year has dug up all the weekly scoop that they could find, and has been quite satisfied with the results.

If you know of some news that has been floating around that the staff has not unravelled, how about dropping it in the Collegian box? That's what we have it for. No newspaper is ever composed of staff works alone, so why should our Collegian be? Make use of the advantage of a news box. We're pleased with our productions. If you're not - drop your articles, or what have you, in the Collegian box. We'll appreciate it.
