

SCIENCE AND ENGINEERING

There will be a tour of the Barrett Haentjens Company sponsored by the Science and Engineering Club. Anyone interested should be at the Barrett Haentjens Company at 3:30 PM, Monday, December 13.

ROTC

This song was written by McMonigle and Scaran. All rights to use this song are reserved by the composers. Anyone caught singing it without proper recognition will be punished to the full extent of the law.

THE MIGHTY AIR FORCE

We came to join the Air Force,
The mighty Air Force.
We're sure we chose the right course,
The golden lined course.
So we keep singing this verse,
The only true verse,
Join the Air Force.

We, the boys of ROTC blue,
To it will e're be true.
So when you're seeking something new,
Here's the best thing you can do.
Join the Air Force, the mighty Air Force.

You'll know you made a wise choice,
And all you'll ever do is rejoice.
Because you chose the right course,
And now you're a member of the Air Force,
The mighty Air Force.

(Ed: Running a recruiting program boys?)

SOON COMES THE BALL

It looks like fair weather for all the dancing fans. With a Christmas Party and a Semi coming up, everyone will be busy but one word of caution. Don't wear yourself out over all this, for soon the Military Ball is coming up (Jan 8 to be exact) and everyone will want to be in tip-top condition for a big night of dancing. Don't forget there's almost four hours of dancing and funning coming up so be at your stepping best for the coming Ball.

ANOTHER FLIGHT ON DEC. 14

Don't give up hope - - - -. For those Cadets who are still hoping for a crack at flying around before Christmas, there is still a chance. Capt. Carper announced today that there will be another flight from the Hazleton Airport on December 14. The schedule planned for the previous flight will apply to this one and anyone who finds that he is unable to comply with this schedule should be sure that a change is made.
