
SOPHOMORE GIRL OF THE WEEK

Jean Platt, of Hazleton Heights, is a graduate of Hazleton High, where she was among the top ten in her graduating class. She is a Mechanical Engineering student and plans to transfer to the Main Campus next semester. Jean spends most of her time in the Rec Hall where I hear she's a pinochle fiend.

SOPHOMORE BOY OF THE WEEK

Jack Polchin, a graduate of Hazle Township, hails from New Coxeville, Beaver Meadows. In high school, Jack was a basketball star as he now is for our Center team. Jack is a Tech student and likes to draw cartoons. Because of his 6' 4" stature, he is a first class member of the Decorating Committee. Jack's been showing a lot of interest in a certain Frosh girl lately.

CHIPPY

Hi Everyone!

What's this we hear about Bill L. not asking a certain tall blonde to the Semi? Is it because of Mary H. from Dallas, Pa., Bill?

Attention! Attention! - All book lovers.

Don't go to the library for the book So Youth May Know. Jamsie Anzalone has it checked out now and Bernard Kemsel and Art Teel are on the waiting list. It looks like our Bernie isn't bashful anymore.

What's this I've heard about Howie Jacobs breaking up with his young girl friend? He still likes her, understand, but it seems the cops didn't approve.

We finally found out who Pete McMonigle's secret heart-beat is. Her initials are MR - hint (She's from Freeland).

Don't forget to come to the Christmas Party tonight. I'll be there watching you.

Love and kisses,
 Chippy

P.S. Ed. note - Good guesses Bob and Jack but they're not correct. Thanks for your interest.
