Trustees Reject PIRG Proposal

(Continued from Page 1)

problems, such as an environmental threat.

Ultimately, Penn P.I.R.G. will not only serve as a consumer protection group, but will also directly help the students involved. For example, the students participating on the local board will become well trained in handling problems as well as in community relations. They will also aid the professionals in

independent research. Students will investigate and report on local problems as well as do various studies, or papers, on topics as needed. Initially each project will require the approval of the State Board of Directors of Penn P.I.R.G. and each research team is required to keep in contact with them via periodic progress reports. The final report must meet the Boards' approval before being released to the general public. The reports, in most cases, can be used for academic credit as well.

NEWS FROM THE PHYSICAL EDUCATION DEPT.

FLAG FOOTBALL will start September 15 at 3:00 p.m. Watch for the sign-up sheets in the student lounge. Trophies are to be awarded to the winning team. The faculty will play the winners on October 15 at 3:00 p.m.

THE TENNIS DOUBLE ELIMINATION TOURNAMENT is coming up so make sure you sign up in the P.E. Building before September 15.

NEW COURSES to be offered this year include golf, fencing, archery, and small craft instruction. A new, full-time physical education instructor will teach these courses as well as coach women's sports. The name of the instructor is not known at this time.
