Stories Wanted

The Weekly Collegian is seeking story ideas, especially from Commonwealth Campus students, for its In Edition column, a compilation of humorous "believe it or not" anecdotes which appears in each issue.

The Weekly Collegian is published each Wednesday at University Park. It is intended for readers at Commonwealth Campuses, for alumni, and for friends of the University who do not have access to the Daily Collegian.

For subscription information, or to submit a brief story to In Edition, write: Mike Sillup, The Weekly Collegian, 126 Carnegie Building, University Park, Pa. 16802.

ON-CAMPUS RECRUITING

Kathleen Kopp of Hewlett-Packar, a Fortune 500 company, spoke with Electrical Engineering Technology graduates in the Career Development and Placement Center last month. This is the second year that CDPC has offered on-campus recruiting for sophomore associate degree students.

Lion Chosen

Roy Scott, a sixth-term liberal arts major, was selected as the new Nittany Lion mascot by a committee including cheerleading advisor Tom Twardzik, University coaches, and athletic department officials at University Park last month. Scott, who was a cheerleader last year, decided to try out for the position Fall Term and has been training since then by running, weight lifting, performing comical stunts, and practicing push ups, which the Lion performs after each Penn State score during football games. Scott said he would like to add a lot of gymnastics and more stunts with cheerleaders to the Lion's routine.

Paper Caper

Several suspects have been identified in the theft of about 4,100 copies of The Daily Collegian last month at University Park, the newspaper reported.

"We are not making any accusations at this point," a University Police Services official said, "and we still don't have a motive for the theft."

Because the papers, which were stolen from North, East, and Pollock dorm areas, contained the Collegian's endorsement for the Undergraduate Student Government election held in April, it is believed that the theft was organized for political purposes.

Bundles of the newspaper are delivered daily to residence hall at the main campus by the Collegian and the University.

Bell of Freedom

The bell atop Old Main at the University Park campus will continue to chime everyday from noon to 12:15 p.m. until the hostage situation in Iran is resolved. The bell has been rung at that time daily since December 20, according to a University spokesman.

"It is a daily reminder to the people of this area of the plight of the hostages," the spokesman said.

It is nearly six months since the militant Moslum students stormed the U.S. Embassy in Tehran taking 50 Americans hostage last November 4.

Phi Psi 500

The Phi Kappa Psi fraternity at University Park sponsored its twelfth annual Phi Psi 500 Saturday, April 19 in downtown State College. The 1.1 mile long running and drinking race raised about \$26,000 to benefit a Cardio-Pulmonary Laboratory at Centre Community Hospital, according to race chairman Bill Santel. In addition to pledges collected by participants, money was raised through a concession stand, sorority collections, and T-shirt sales, Santel said.

The 1,600 participants — in seven divisions including Fraternity, Sorority, Independent, Masters, Women, Teams, and "Anything Goes," judged solely on costume — had to stop at six bars along the route and chug a glass of beer.

State College Police estimated a crowd of 25,000 turned out to watch the event.

WHAT'S IN A NAME?

Due to a typographical error, we incorrectly listed the Business Office secretary as John MacKnight in our salute to the secretaries in the April 17 issue of the Lion's Eye. We apologize to Joan MacKnight for the mistake.

And, while we're at it, Continuing Education Office secretary Debi Moran has informed us that she doesn't spell her name D-e-b-b-i-e, as we did.

The Lion's Eye sincerely regrets these errors.
