Fall Term enrollment at the University totals 55,281 — a record for the second straight year, according to preliminary figures announced to the Trustees. The University Park campus, with an enrollment of 32,459, and the Commonwealth Campus System, with 17,709 students, also set records.

Individual Commonwealth Campuses that set enrollment records were Altoona (1,969 students, up 9.6 percent); Berks (934, up 10.7 percent); DuBois (633, up 6.9 percent); Hazleton (1,128, up 9.5 percent); and York (1,016, up 6.4 percent).

Hershey Medical Center and the Radnor Center for Graduate Study also recorded enrollment increases this year.

All figures are preliminary and are expected to be slightly higher when final tabulations are completed.

Ashford & Simpson

Ashford and Simpson bring their love affair with music to the Shubert Theater, November 14 and 15. Showtime is 8:00 PM. Opening the show will be Ray, Goodman and Brown.

The husband and wife team of Nickolas Ashford and Valerie Simpson has been writing together for more than 14 years. They have written and produced songs for such superstars as Diana Ross, the Temptations and Marvin Gaye. After a year and a half as staff writers and producers with Motown Records, Ashford and Simpson established themselves as onstage performers in 1974. Since then they have recorded 8 albums for Warner Brothers Records, three of which were gold records. Their latest album, "A musical affair" is currently on Billboard's Top Soul LP Chart.

Opening the show will be the smooth soul sounds of Ray, Goodman and Brown. After more than a decade as the Moments, the veteran trio is back with the tight harmonies and soulful delivery that made them famous. Their recent single "Special Lady" topped both the soul and the pop charts.

In Other Eyes Oct. 79

... The Office of the Director of the Delaware County Campus will be evaluated in the coming year to determine its major strengths and weaknesses. The ultimate objective of the review is to improve faculty, staff, and administrative relationships at the campus.

... The unexpected snowfall on October 10 served as a reminder of last year's harsh winter; and perhaps provided a warning of the long, cold winter to come.

Last February 19, a near-record fourteen inches of snow blanketed the Delaware Valley area and forced the closing of the Delaware County Campus. Several students, faculty, and staff members were inconvenienced when the term break was shortened to make up for cancelled.

As a result the schedule for Winter Term 1980 will include two extra snow emergencies.

... Although enrollment throughout the University increased this year, the number of students attending the Delaware County Campus this Fall is down from last year.
