

# Delaware County Students Goes to ROTC Camp

by Mac Chandler

Rick Stewart, 06-ENGR., had a chance to spend last summer at a different kind of camp than most of us know about. At Rick's camp, he had to get up around six in the morning for physical training and exercises, then the remainder of the day he spent doing different and challenging things, things like navigation courses using only a map and compass, rifle marksmanship, rappelling, first aid, and obstacle courses. He also learned water survival techniques and how to use a radio. Sounds like a Boy Scout

camp, huh? Close, but not close enough.

What Rick attended was the Army ROTC Basic Camp, which is conducted annually for the purpose of qualifying applicants for enrollment into the Advanced ROTC program. The objective of the camp, located in Fort Knox, Kentucky, is to develop a well disciplined, highly motivated, physically conditioned student; to improve self confidence, initiative, and leadership techniques; and to inform the student about career opportunities for ROTC graduates.

Rick Stewart

The training provided Rick the opportunity to participate in intensive periods of outdoor practical work and acquainted him with group living, military environment and military discipline. Basic Camp graduates are fully eligible for enrollment in the Advanced ROTC upon their return to college, and last year, one of every four students who attended camp was offered a two year Army scholarship.

If you are a sophomore now, and still have at least two years left at Penn State, and want to try what Rick Stewart did last summer, call the ROTC department or drop in for a visit. Upon taking the ROTC courses taught here at the Penn State Delaware County Campus, there is no obligation to join the Army nor upon completion of the Basic Camp.

## Let's Play Games, Darling

Those of you who caught the innuendo — get that smirk off your face. And those of you who didn't ... well, ask your mother.

This is serious business. Playing games and even more importantly making money for the University. So, grab a friend or ten and come out to Penn State Delaware County Campus to play a bunch of different games for as long as you can. There will be frisbee, backgammon, checkers, Atari Video games, soccer, capture the flag, football, volleyball, tennis, basketball, and chess.

You guessed it — a GAMES

MARATHON — in the making. So, if you have any suggestions for more games to play, or if you wish to participate in the organization of the marathon, contact Bernard Bozeman, (chairman of the committee), or any club president. We need your support.

Since the marathon is still in the planning stages, the only definite information is; the marathon will be for 48 hours and held here, on Delaware County Campus from April 30 to May 2. It will be sponsored by all Penn State Student Organizations and clubs.

## Veteran's Softball Tournament

The Veteran's Organization will be holding the 11th Annual Veteran's Statewide Softball Tournament on April 23, 24, and 25, 1982 at Penn State's University Park Campus.

The tournament is always a good time and offers you a chance to meet your fellow vets. If your group cannot field a

team, feel free to come anyway, as players can be combined to make up a team if they know you are coming. Registration fees must be received by Friday, April 2. The fee covers the cost of trophies, balls, umpires and the Saturday night parties. Barbara McKeeahen has details. See her in the SA Modular if you want to go.

## Bloodmobile is coming

It's Spring again, and the Bloodmobile is "on the wing again." The Central Delaware Branch of the America Red Cross will have their Bloodmobile on our campus on April 14th, 1982 from 9:00 AM until 2:00 PM in the Student Lounge. Sign up sheets for donors will be available through Keystone Society two weeks prior to the date.

In October the response was

great ... we went over the quota by 25 pints. Let's aim for 50 pints over this time! Please sign up to donate blood ... you will never miss one pint, and five people in need of various components will be helped by that one pint!

Watch issues of "What's Happening" for more details, answers to questions, and related articles. Give the gift of Love ... give the gift of Life.

## The Rangers

If you like adventures such as hiking in the woods, rappelling, and other outside adventures, then you should look into the Rangers.

The Rangers is a club that is sponsored by ROTC, and is run by students like yourself. With the warm weather heading our way, the Rangers will outside

almost every meeting. Such activities as Patrolling in Ridley Park, orienteering, and map reading are just a few things on the spring schedule. If you are interested and would like more information, call Bob Smith at 485-2706 or talk to Capt. Chandler in the modular building.

## Drama Club News

by Paul Bigas

The Drama Club at Delaware County Campus is looking for people who want to have a good time while at school. You know how draining school can be; what better way to raise your spirits than with other people whom enjoy the same activities that you enjoy.

One of the activities that we have sponsored during the past year was painting faces at the Granite Run Mall on Halloween. It was exciting to change the faces of children and adults into monsters, clowns, and princesses. It was a fun day for

everyone who participated.

The Drama Club is now putting together a Talent Show for Spirit Week. Anyone who can sing, dance, or can just be plain crazy is invited to take part. For more information call Paul Bigas at 494-1575, or Denna Larsen at 696-7350. The show is open to all students and faculty.

We are also hoping to do a play later on in the Spring Term, but we need your support. Remember, the Drama Club is always open to new members, so join us and have fun.

## Financial Aid Reminders

\* Students can still apply for aid for the 1981-82 school year, including Spring Term. The Basic Educational Opportunity Grant (BEOG) application deadline has been extended from March 15, 1982 to March 31, 1982. Application forms are available in Dean Shaffer's Office.

\* A second form of aid still available for the current term is the Guaranteed Student Loan (GSL). Application forms are available from local banks.

\* Applications for State, Federal, and University Financial Aid for 1982-83 must be submitted by April 1, 1982. Forms and additional information are available in Dean Shaffer's Office.

\* Academic Scholarships are available to students demonstrating financial need and academic ability - 3.5

cumulative grade point average for students going to University Park and a 3.0 for students returning to Delaware County Campus. Applications, which must be submitted by April 1, 1982, are available in Dean Shaffer's Office.

\* Full-time on and off campus College Work Study Program Jobs may be available for Summer-Term. Applications, which must be in by April 1, 1982, are available in Dean Shaffer's Office.

**Give every NEWBORN the advantage**

**There's Always room for improvement ...**

**Listen Smokers: You don't have to wait 20 years for cigarettes to affect you. It only takes 3 seconds.**

In just 3 seconds a cigarette makes your heart beat faster, shoots your blood pressure up, replaces oxygen in your blood with carbon monoxide, and leaves cancer-causing chemicals to spread through your body.

All this happens with every cigarette you smoke. As the cigarettes add up, the damage adds up. Because it's the cumulative effects of smoking—adding this cigarette to all the cigarettes you ever smoked—that causes the trouble.

And tell that to your dog, too.
