

An Open Letter to Delco Students

Dear Delco Students,

I am impressed by the tremendous progress made by young people of the country in their commitment to resolve society's difficult problems. You have been advancing the cause of humanity in many ways. Intellectually you are a generation that has demonstrated your capacity and willingness to learn and deal with new information.

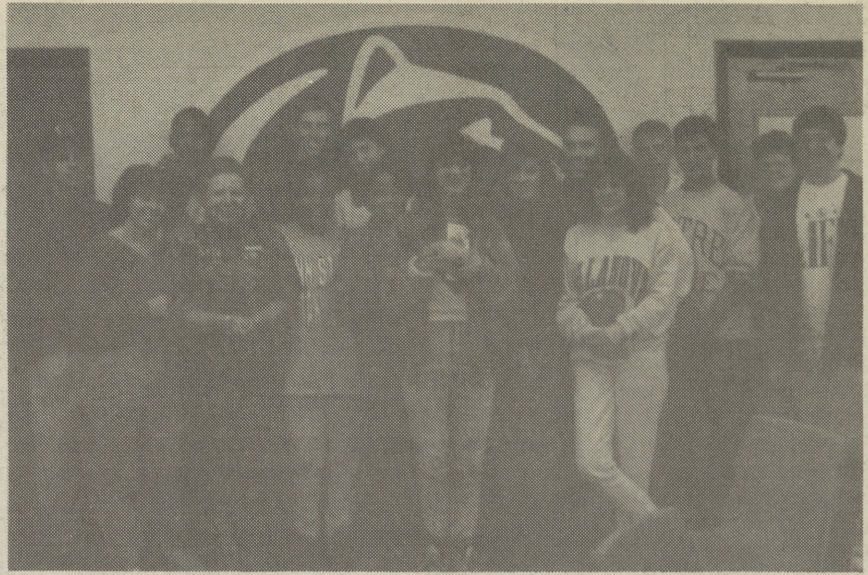

I am asking you to turn that beautiful energy towards the task of eliminating the carnage on our highways due to drinking and driving. Work within yourself, your home, class, dorm, campus and country to promote the SADD philosophy, "Friends Don't Let Friends Drive Drunk."

Caring is a magnificent gift to both give and receive. Care for yourself, your family, your friends and turn that caring towards life and not death.

Good luck in your efforts!

Sincerely,
Robert Anastas

CONTRACT FOR LIFE

THE COLLEGE CONTRACT FOR LIFE BETWEEN FRIENDS

As students at _____, we recognize that many of our fellow students and friends choose to use alcoholic beverages and, that on occasion, some students may find themselves in a potential DWI situation.

Therefore, we have entered into a contract in which we agree that if we are ever in a situation where we have had too much to drink, or a friend or date who has had too much to drink, we will seek safe and sober transportation home.

We, the undersigned, also agree that we will provide or arrange safe, sober transportation home for each other should either of us face a situation where we have had too much to drink.

If we cannot find safe transportation, we will contact a taxi service, walk or stay the night.

BRIAN BOITANO & KATARINA WITT

Wednesday, January 16
Spectrum

These two Olympic champions, Brian Boitano and Katarina Witt, have enough gold medals between them to start a mint, and enough stamina after their critically acclaimed tour last winter to tour again with an all new ice skating revue. Their extravaganza on ice, Skating II, comes to the Spectrum, Wednesday, January 16 at 8pm.

Other than his 16 Gold medals, Brian Boitano, 26, has achieved far more than most skating champions have in a lifetime. He was the first American male athlete to have his own television special that won awards at the International Film Festival. More importantly, he won television's highest honor; the Emmy for the HBO movie "Carmen On Ice." He has created an amazing jump, the "Tano Triple," that other skaters can only dream of executing. Brian Boitano has proven himself to be one of the greatest figure skaters in the world and of all time.

Katarina Witt, 24, has become an international heroine. Her stunning grace and sex appeal, combined with her magnificent figure skating talents, have made her known and loved the world over. She has won 20 gold medals during her career and also won an Emmy in "Carmen On Ice." Witt's two consecutive wins at the 1984 Olympics in Sarajevo and in Alberta in 1988, made her the first woman's singles skater since 1936 to accomplish this feat.

The music styles in **SKATING II** will cover a range from Carnegie Hall to Broadway to MTV with more emphasis this tour on pop music. The all new choreography by Sandra Bezic and Michael Seibert will feature large-scale production numbers in addition to pairs and solo performances. Also performing with Boitano and Witt are Olympic pairs champions, Elena Valova and Oleg Vassiliev of the Soviet Union, pairs champions Paul Martini and Barbara Underhill of the United States, and dance champions Judy Blumberg and Michael Seibert of the U.S are among some of the famous skaters that you will see at **Skating II** at the Spectrum January 16.
