

Penn State can give you the world

BY ADAM WOJCIECHOW-ICZ

Staff Writer

Campus monotony got you down? Take a break from Delco over the summer while still building that soon-to-be massive pile of course credits by getting involved in Summer Education Abroad 2001.

Keep in mind that these trips are sponsored by the Penn State University Park campus alone, and therefore depart from that location. Because Delco is so much smaller in size, the trips sponsored here are generally much shorter in length and less in cost.

The "total program fee" listed here consists of both the tuition fee paid to the school and the class fee that goes towards administrative costs, room and board, and transportation. Certain fees unique to some trips are not included in the "total program fee."

To find out complete details about any of the trips here including any extraneous costs, visit <http://outreach.psu.edu/PSSEA/>. Applications are included in the yellow pamphlets published for each trip, which are located in the main building's main floor hallway. Applications can also be accessed through the website.

Lion's in Paris

During Spring Break of 2001, Penn State students will have the opportunity to take a trip to Paris, France. This trip is in conjunction with the Abroad Program here on campus.

This trip has offered many students a chance to explore the globe and, at the same time, earn credits. In order to earn credits you have to enroll yourself in a foreign language, art, culture, or literature class. If you don't want to take extra classes you can still go on one of these many trips that the abroad program has to offer. There are different prices for the trip depending on your stay there:

- \$975.00 per person 6 nights in the Hotel Royal Medoc.
 - \$1050.00 per person 6 nights Hotel du Centrel
 - \$1125.00 per person 8 nights Hotel Royal Bergere.
- There are some stipulations that are not included in these prices.
