

Strasburg Choir Offers Pageant Sunday Afternoon

The Christmas Story will be presented in pageant and music by the Strasburg Wesley Methodist Church again Sunday afternoon at four o'clock in the Church auditorium. Due to an overflow audience last Sunday, the prog-

ram is being repeated.

Participating are: Robert Groff as the Prophet; Mr. and Mrs. Thomas Ruoss as Mary and Joseph, Shepherds will be William Pontz, Warren Aument, and Frank Koch; Kings — Thedford Bair, Robert Aument and Robert Weaver; Angels — Georgine Hensel, Patsy Cramer, Diane Bair and Margaret Strubel; Little Angels — Linda Winters, Linda Mae Brown and Carolyn Louise Pine; Little Children of Bethlehem — Louise Wentz, Marianne Weaver,

Bonnie Harvey and Bill Logan.

Miss Lilly Ann Warner, Lancaster, will direct the pageant. A graduate of Boston University, she is especially well prepared in Religious Art and Drama.

The choir will give a brief musical program prior to and during the pageant, in keeping with the theme. Soloists will be Mrs. Donald Betty, Miss Grace Nuss, Mrs. Richard Sheaffer, Donald Miller, and guest soloist, Harry Peiffer. Mrs. Richard Lontz, will be at the organ and Mrs. Rodney Mayhew will direct the choir.

NO WATER

Herman, Neb — Mrs Emma Miller is not so sure she likes the fact that, when she goes to her water pump to get water, she gets, instead, high octane gasoline. This has been going on for some weeks now and no one admits ownership of the gasoline. While three bulk plants are located near Mrs. Miller's home, all three operators deny that gasoline is missing from their tanks.

LETTER TRIPS SUSPECT

Cleveland, Ohio — Because a counterfeiter overlooked the fact that 1944 nickels bore a letter P on the back, detectives traced some nickels, without the letter P, to Francis L. Henning, a 64-year-old engineer. In Henning's East Side room, agents found five zinc plates for printing \$5 notes, a homemade camera and other materials for photographing and reproducing cash.

NEW Green Pastures Dairy Development Program

ONLY DAIRY PROGRAM EVER DEVELOPED ESPECIALLY FOR LOCAL DAIRYMEN!

The new Green Pastures Dairy Development Program is the only feeding program ever developed especially for local dairy herds. What's more, it offers a feeding program for every period of your dairy herd's development... from three day old calf to high producing milk cow.

1. New Milk Replacement Program — New "Dairy Dri", an all milk product, replaces milk as the three day old calf's basic diet. "Dairy Dri" offers more economical feeding and a better than average rate of growth for the young animal.
2. New Calf Developer Pellets — For rapid growth and economical feeding, Calf Developer Pellets are fed with a limited milk replacement program when the calf reaches age two weeks. 50% pellets with home grown corn and oats makes calf feeding during this fourteen week period even more economical.

3. No. 22 Dry and Freshening Ration — High nutrition diet which fits dry cow for next lactation period. More important, No. 22 Dry and Freshening Ration develops mammary glands properly so that the cow gives better than average milk production after calving.
4. Complete Lactation Concentrates (14% and 16% Concentrates) — Complete concentrate to supplement roughage and provide a well-rounded feeding program during the important lactation period.
5. Dairy Protein Concentrates (24% and 32% Protein Concentrates) — To take better advantage of the economy and nutritional values of home grown grains and roughage, these carefully blended protein concentrates are fed as a supplement to these home grown products.

This complete Dairy Development Program, based on Green Pastures Dairy Feeds, offers local dairy herds the finest possible feeds... and the most efficient and economical feeding program. What's more, medication and vitamin supplements are available with Green Pastures Dairy Feeds for correction or prevention of diseases such as intestinal parasites or milk fever.

And perfectly supplementing the new dairy program, Miller and Bushong also offers a Dairy Service Department... experienced dairy nutrition and management experts are available to you, free of charge, to answer your questions on dairy herd management and solve your problems pertaining to quality of roughage, etc. Phone Lancaster 2-2145.
