Were we stumped by a recent letter from Narvon? One of our readers wrote: We have two flowering almond shrubs in our yard and we do not know how to care for them. How should we trim them, and what kind of fertilizer do they need for best results?

Readers, please answer by letter to Lancaster Farming.

Another inquiry, from Daniel S. Berus of R1 Reinholds, who asks:

"A few lines to see if you would please try to get a good old Amish family's Leb Cake (Leb Kuchen) recipe and put it in the paper (Farm Wife and

Good to hear from our friends Capt. and Mrs. Jonathan J. J. Jenks on RD 1 Kinzers. Mrs. Jenks suggests a "Lancaster Farming Binder." The correspondence is in a military manner, which is downright efficient in my consideration. Top line, "From." Second Line, "To." Third line, "Subject." Each paragraph is numbered:  
1. My husband, Capt. J. J. J. Jenks, wished to keep a file of your paper, so that the items therein may be easily available. Also, in connection with pertinent items, he has these catalogued so they may be located easily.  
2. He secured a small diameter broom handle, sawed in two lengthwise. Edges were planed and sanded, later stained and shellacked and polished. Three holes were drilled and countersunk.  
3. Three binder posts, available at stationery stores, were obtained. As each issue is read,

## Farm Women 1 Banquet May 1

Mothers and daughters will be honored in the Friday, May 1 banquet of the Society of Farm Women No. 1 at Brickerville Fire Hall. Miss Katherine Hershey of the Child Evangelism Fellowship will be guest speaker.

"Child and Parent Relationship" was the theme of a talk given at the recent banquet for members in Zinn's Diner by Dr. Paul Z. Rummel of Millersville State Teachers College. Mrs. Neil Clark introduced the speaker. Daniel Brubaker conducted a Pennsylvania Dutch class.

three holes are punched and the copy placed on the binder posts, and the other half of the broom handle replaced.

Concluding, Mrs. Jenks adds, "There is an effort, if one may call it that, to keep away from being efficient and orderly and many times one would like to refer to a certain issue of your good paper, but no one knows where it may be found, and they lose that 'goodness' because they do not follow that simple rule, 'A place for everything, and everything in its place.'"

Many thanks, Mrs. Jenks — and as you aptly put it, "Hastily, but nevertheless, very, very sincerely, yours."

The farmer's telephone is always working for him. Twenty-four hours a day . . . it's always there at his service. Ready for the routine calls and for the times when immediate help is needed.

During family emergencies, when livestock is sick, when machinery breaks down . . . nothing brings help as quickly as a telephone.

Truly, no other hired hand is more valuable to the farmer. And we are always working to make his telephone even more useful.
